Picketing Ordinance.

Supervisor Hayden presented:

Bill No. 4197, Ordinance No. — (New Series), entitled, "An Ordinance prohibiting loitering, picketing, carrying or displaying banners, signs or transparencies, or speaking in public streets in a loud or unusual tone, for certain purposes," and also,

A communication from the San Francisco Restaurant Men's Association advising that at a general meeting of the San Francisco Restaurant Men's Association held Sunday, August, 6, 1916, it passed a resolution setting forth that a large number of the members of the Association, operating restaurants in San Francisco, have been declared unfair by the unions belonging to the allied culinary workers and bartenders, and have been picketing and have, therefore, suffered great damage to their business by reason of the presence of union pickets in front of their places of business.

That a committee of its organization had appointed a sub-committee to draw up such ordinance for presentation to the Board of Supervisors.

The communication was read by the Clerk and ordered placed on file.

Supervisor Gallagher moved that the said Bill No. 4197, Ordinance No. — (New Series), and the communication from the San Francisco Restaurant Men's Association, be placed on file.

Supervisor Hayden addressed the Board at length, opposing the motion, claiming that the matter should be referred to proper committee.

Supervisor Wolfe supported the contention of Supervisor Hayden that the subject-matter should be referred to committee in accordance with the rules of the Board, stating that whilst he was opposed to the passage of the ordinance, he believed the correct procedure was to refer to committee in accordance with Rule 8 of the Board of Supervisors.

Supervisor Gallagher withdrew his motion and again moved that the matter be referred to the Police Committee, with instructions to report not later than 5 o'clock p. m. this day.

The question being called.

Supervisor Brandon, in explanation of his vote said: I vote no because I believe it is taking away the rights of a member of the Board of Supervisors who introduces an ordinance to present it and have his day in court.

Supervisor Deasy also stated: I will vote aye because I don't think Supervisor Hayden or anybody else will accomplish anything by having a hearing; in fact, it does not properly belong before the Board of Supervisors.

Supervisor Hynes said: I think Mr. Hayden is perfectly within his rights, and vote no.

Supervisor Nelson stated: I am going to vote against the ordinance when it comes up. I am taking this position: It may be the complexion of a new Board of Supervisors, as also the Mayor, would be no friend of labor. I want labor to have its day in court, and as a representative of labor I take the position that way—so as to give laboring men an opportunity before a Board that may not be friendly to labor. I am going to vote to have it go before the committee by voting no.

The motion was defeated by the following vote:

Ayes—Supervisors Deasy, Gallagher, Lahaney, Walsh, Welch—5.

No—Supervisors Brandon, Hayden, Hilmer, Hocks, Hynes, McLeran, Mulvihill, Nelson, Nolan, Power, Wolfe—11.

Absent—Supervisors Kortick, Suhr—2.

Supervisor Hayden thereupon moved that the matter be referred to the proper committee.

Supervisor Gallagher moved as an amendment that the Police Committee be instructed to report to this Board on the subject-matter one week from today, and that it be made a special order for 3 o'clock p. m.

The amendment was accepted by Supervisor Hayden and the motion as amended was carried and so ordered.

There being no further business, the Board at 4:45 o'clock p. m. adjourned.

Button Lath Test.

The following communication was presented and read by the Clerk:

San Francisco, August 14, 1916.

To the Hon. The Board of Supervisors:

Gentlemen: Replying to your favor of the 8th inst., requesting my opinion as to whether in my judgment any further fire tests are necessary to determine whether the button-lath is a desirable material for construction purposes here, I respectfully desire to advise that some time ago this matter was thoroughly investigated by myself, the Fire Marshal and the Chief Building Inspector of the Board of Public Works, and a favorable report thereon, from a fire protection point of view, was submitted.

Since then I have found no occasion to change my opinion, and further inquiry into the matter has convinced me that there is merit in this form of construction to which I can find no logical reason for objection. Respectfully submitted,

THOS. R. MURPHY.

Chief Engineer, S. F. F. D.

Privilege of the Floor.

Wm. Scott, representing the Metal Lath Association, addressed the Board, urging that a test be had.

Report of Finance Committee on Uniform Accounting System.

The following report was presented, read and *approved* by the following vote:

San Francisco, Aug. 21, 1916.

Board of Supervisors.

Gentlemen: Your Finance Committee herewith respectfully submits a preliminary report on the matter of establishing a uniform system of accounting. The Committee has under consideration the selection of a firm to install said system. When said firm is selected, the actual work will not begin until we have all necessary information before us, such as that gathered by the Real Estate Board.

Respectfully submitted,
JAMES E. POWER,
E. L. NOLAN,
ANDREW J. GALLAGHER,
Finance Committee.

In the Matter of Proposed Municipal Accounting System for the City of San Francisco.

After a comprehensive and protracted study of the necessity for a modern and uniform system of accounting for San Francisco, and a thorough investigation of the beneficial results to be expected therefrom and of the probable cost to the city of the complete and final installation of such a system, the Finance Committee has reached certain conclusions which are herewith presented:

In arriving at these conclusions, the Finance Committee has been assisted by a conference recently held with a number of reputable public accountants of the city together with representatives of the Bureau of Municipal Research of New York City.

Moreover, the Finance Committee has made this subject its special study during the past year and has investigated a number of municipal accounting systems with a special view to learn their cost, the period of time required for their full and final installation, and the measure of success attending their operation.

Among the most successful systems thus closely observed, the Committee finds, in the neighboring city of Oakland, a work of this character recently installed, in full operation, and most gratifying in the results obtained. This system, during its first year, has established a complete central control of all departments, a scientific budget, uniformity of arrangement, an accurate and lucid monthly balance sheet, together with a thorough exhibit of all unexpended balances of appropriations and a comprehensive and informing arrangement of figures in each department for comparative purposes. This has not only effected a noteworthy saving to the City of Oakland, but has placed its affairs and operations upon a sound, intelligible and businesslike basis.

The Finance Committee has looked into a number of other systems, but was particularly struck by the results achieved through the system some years since installed for the State Highway Commission of California.

The Finance Committee, therefore, desires the sanction of the Board of Supervisors in commencing the work of devising and installing a proper and modern system of accounting for the City; that this work be conducted under the immediate supervision of the Finance Committee, who are especially clothed with this duty under the Charter; and that the Finance Committee be authorized to enter, on behalf of the City, into a proper contract for professional services in the direction outlined.

The Real Estate Board has recently made a survey of conditions in the various departments and are expected shortly to publish their report thereon. It need scarcely be said that the Finance Committee, and its accountants, will gladly avail themselves of any suggestions, appearing in that report, which may commend themselves as of value in the proposed work. Indeed, the views and suggestions of representative elements of the community will at all times receive a

cordial welcome and earnest consideration; but, in the last analysis, the actual prosecution of the work should rest with the Finance Committee, to whom it is delegated by the Charter.

JAMES E. POWER,
Chairman.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Kortick, McLeran, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—14.

No—Supervisor Hynes—1.

Absent—Supervisors Hocks, Lahaney, Mulvihill—3.

Disapproval of Federal Inheritance Tax.

The following resolution heretofore presented by Supervisor Power and referred to the Finance and Judiciary Committees and returned with favorable recommendation was taken up and *adopted* by the following vote:

Resolution No. 13256 (New Series), as follows:

Whereas, The United States Commission on Industrial Relations in its report which was made public in August, 1915, strongly urged the imposition of a tax upon inheritances by the Federal Government; and

Whereas, The Ways and Means Committee of the House of Representatives has been in correspondence with the State Controller of California, John S. Chambers, and with like officials in other States of the Union, asking for data as to the collections, by the States, of revenue under their inheritance tax laws, with the undoubted object in view of utilizing such information in connection with the plan of the Congress to enact Federal legislation of the kind; and

Whereas, Press dispatches and letters received by the State Controller of California from Washington proclaim the determination of the Ways and Means Committee of the House of Representatives to recommend to the Congress the enactment of a Federal inheritance tax law; and

Whereas, Further information is to the effect that the States will be requested to abandon their inheritance tax systems to the end that all such revenue may be collected by the Federal Government, with the understanding that a certain percentage of such collections, less overhead costs shall be returned to the States on the basis of collections within each State; now therefore be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does disapprove of such proposed legislation by the Federal Congress and hereby protests; that the States, and more particularly California, would be done a grievous injury by such legislation; that under the

State of California's system of taxation it is essential not only that the State derive revenue from inheritance tax sources, but also that the annual average collections of about \$3,000,000 should not be materially reduced without just cause; that the proposed plan of a partial return to the States by the Federal Government, even if 50 per cent, less the cost of collection, would reduce California's revenue from this source to less than \$1,500,000 a year; that as a consequence the revenue of the common schools of the State would be imperiled to the extent of \$250,000 annually, the sum now being given them under the present average revenue; that the Teachers' Retirement Fund, commonly called the Teachers' Pension Fund, which receives 5 per cent of the total inheritance tax collections each year, would suffer a loss of more than half the revenue derived from this source; that the general fund of the State Treasury would lose approximately one million dollars annually; that the State cannot spare this revenue and would be forced to obtain it from a higher tax upon corporations or a general property tax upon the people, the people under either plan carrying the additional burden; that the States have developed the inheritance tax system with remarkable success; that they need this revenue and that the Federal Government, if in need of more revenue, has many sources upon which to draw far more than have the States, and therefore should not encroach upon the rights and the needs of the States in the matter of inheritance tax revenue; and be it further

Resolved, That the Clerk of this Board send a copy of these resolutions to each member of the California delegation in Congress.

Tax Claim Judgments.

Supervisor Wolfe called attention to the fact that the members of the Board of Supervisors and Mayor Rolph had been served with peremptory writs of mandate, by which they are ordered to approve judgment claims secured against the City by persons who paid taxes under protest, which taxes were held to be illegally levied for the construction of the Geary Street Railroad.

Supervisor Wolfe declared that if these constituted honest claims against the City and County he favored the approval of the demands and the payment of the claims. He requested that a representative of the City Attorney's office be asked to appear before the Board and advise it as to its duty in the premises.

Privilege of the Floor.

George Lull, Assistant City Attorney, thereupon was sent for. He said the case involved the legality of a tax levy made some years ago for the construction of the Geary Street Municipal Railway. In the lower court Superior Judge Seawell held the levy to be illegal. The case was appealed and the judgment affirmed. The court, he said, held that the approval of a demand is a ministerial and not a legislative act, and that the Finance Committee must approve those presented or be in contempt of court. He declared that Auditor Boyle was investigating the balances in the various funds and believed that a sufficient sum would be found to pay the claims now before the Board, which amount to \$45,000. The total claims, he said, will aggregate \$400,000. Another action, he said, involving a very much larger amount, upon excess taxes levied during the years after the fire, is now on trial before Judge Seawell.

The writs, he said, are not returnable until August 29, so the Board has until next meeting to act.

Action Deferred.

Whereupon, the foregoing subject-matter was, on motion of Supervisor Wolfe, *laid over* until next meeting.

Alterations and Repairs to County Jail.

Supervisor McLeran called the attention of the Board to Ordinance No.

3776 (New Series), directing the Board of Public Works to enter into contract for alterations and repairs to County Jail buildings Nos. 2 and 3 in accordance with estimates made by the Building Committee of the Board of Supervisors, which estimates he declared are considerably lower than those submitted by the Board of Public Works. I am now informed, he said, that the Board of Public Works is about to ignore the ordinance passed by this Board and that it is proposed that the work shall be done by the Board of Public Works instead of by contract and in accordance with the excessive estimates heretofore submitted by said Board. The result of such action will be the elimination of several very important and desirable improvements in said institution. He requested that the Board take some action looking to the carrying out of the ordinance as passed by the Board and moved that the Board of Works be directed to call for bids for said work in accordance with Ordinance No. 3776 (New Series).

Action Deferred.

Whereupon the subject matter was laid over one week and referred to his Honor the Mayor.

Columbus Day Committee.

Supervisor Nelson presented:

Resolution No. 13275 (New Series), as follows:

Resolved, That his Honor the Mayor is hereby authorized and requested to appoint a Committee of Fifty to arrange for a proper and fit-

ting celebration of Columbus Day, October 12, 1916.

Salary Increase, J. M. Kessen, Stenographer, Board of Supervisors.

Supervisor Hynes presented:

Resolution No. — (New Series), as follows:

Resolved, That with the object of equalizing the salary of James M. Kessen, stenographer-typewriter in the office of the Clerk of the Board of Supervisors (who at present receives \$100.00 per month) with the minimum paid other male stenographer-typewriters throughout the different departments of the City government, his salary be fixed at \$125.00 per month from September 1st, 1916; and that the Finance Committee is hereby requested to provide the additional sum of \$25.00 monthly for this purpose.

Referred.

Supervisor Wolfe moved reference to Finance Committee.

Motion *carried*.

ADJOURNMENT.

There being no further business the Board, at the hour of 6 p. m., adjourned.

J. S. DUNNIGAN,

Thirty days from September 2, 1916, to complete contract for paving Forty-third avenue between Geary and Clement streets under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work has been delayed through inability to procure fill, and the contractor has assured this Board that the work will be prosecuted to an immediate completion.

Ninety days from August 31, 1916, to complete grading and paving of Miramar avenue between Grafton and Lakeview avenues under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the grading is partially completed and the concrete curbs are now being constructed on this block.

Thirty days from August 31, 1916, to complete contract for paving Paris street from Excelsior avenue to its northerly termination under public contract.

This *first* extension is granted on the recommendation of the Board of Public Works for the reason that the grading and curbing of this street has now been completed, and it is recommended that the extension of time be granted.

Ninety days from August 31, 1916, to complete contract for the grading and paving of Miramar avenue be-

tween Grafton and Ocean avenues under public contract.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Congress to Provide Naval Academy and Aviation School.

Supervisor Kortick presented:

Resolution No. 13306 (New Series), as follows:

Whereas, It is generally believed that the Pacific Coast is now entering upon an unprecedented era of commercial and maritime development; and

Whereas, Evidence before the United States Congress has demonstrated that the naval protection at the present time is entirely inadequate, and as a result of this evidence an extensive building program has been entered upon by the navy, contemplating the maintenance of a Pacific naval fleet second to none on the Pacific Ocean; and

Whereas, In pursuance of this policy the personnel of the navy has been increased fifty per cent, thus necessitating a corresponding increase in the number of officers; and

Whereas, The present Naval Academy is now filled to its capacity and acquisition of land and erection of

buildings will be necessary to take care of the increased number of cadets necessary; therefore be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that we believe it to be to the best interest of the United States that a second Naval Academy be established on the Pacific Coast within 100 miles of San Francisco, together with a suitable aviation school; further

Resolved, That Congress be petitioned to take the requisite steps at the present session to bring about such establishment; further

Resolved, That copies of this resolution be forwarded to the Naval Committees of the Senate and House of Representatives, to the members of Congress from California and to the Secretary of the Navy.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Extension of Time.

Supervisor Welch presented:

Resolution No. 13307 (New Series), as follows:

Resolved, That D. O. Church is hereby granted an extension of sixty days from September 11, 1916, within which to complete street work on Athens street between Russia and Amazon streets.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work is entirely completed but the assessment has not been issued.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Tax Claims Approved.

The consideration of the peremptory writs of mandate ordering

the Board of Supervisors to approve judgment claims for refund of taxes paid for construction of the Geary Street Municipal Railroad, which matter was laid over from last meeting, was on motion of Supervisor Wolfe again taken up.

Motion.

Motion carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Alterations and Repairs, County Jails.

T. Riordan, President of the Board of Public Works, was granted the privilege of the floor and addressed the Board in the matter of the statement of Supervisor McLeran, that the work was being done by the Board of Public Works instead of by contract as required by Ordinance No. 3776 (New Series), of the Board of Supervisors. Mr. Riordan contended that under the charter the Board of Public Works had the right to choose whether the work should be done by contract or by day's labor.

Motions.

Supervisor McLeran moved that the Board of Public Works be notified that unless it comply with Ordinance No. 3776 (New Series) in this matter that this Board will make no appropriation for the work.

Supervisor Kortick moved that the matter lay over one week and that the City Attorney's opinion be obtained as to the right of the Board of Public Works to do the work by contract or day's labor.

Motion carried.

There being no further business the Board at 6:20 p. m. adjourned.

M. Clanton and other property owners were granted the privilege of the floor and renewed their objections of last week and opposed the permit on the ground that the previous stable was conducted in a filthy and insanitary manner and also for the reason that the applicant, who had sold real estate to some of the protestants, had agreed with them at that time to remove the stable.

Mrs. Flynn also protested against the permit.

Mrs. E. Stanton, applicant, also addressed the Board. She repeated her statement of last week and said that the stable was for one horse, which she required in making her living. She declared that she was willing to make all alterations required by

Supervisor Deasy presented:

Bill No. 4235 Ordinance No. — (New Series), as follows:

Regulating Motion Picture Exhibitions and Entertainments, and Repealing Ordinance No. 761 (New Series), approved May 3, 1909.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm or corporation to hold, conduct or carry on, or to cause

or permit to be held, conducted or carried on, any motion picture, exhibition or entertainment of any sort which is offensive to decency, or is adapted to excite vicious or lewd thoughts or acts, or which is lewd or obscene or vulgar, or which is of an obscene, indecent or immoral nature, or so suggestive as to be offensive to the moral sense.

Section 2. The Chief of Police is hereby directed to detail a police officer to see that the provisions of this Ordinance are fully complied with.

Section 3. Any person, firm, association or corporation violating any provision or provisions of this Ordinance shall be declared guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than One Hundred Dollars (\$100.00), or more than Five Hundred Dollars (\$500.00), or by imprisonment in the County Jail for the period of not less than thirty (30) days or more than six (6) months, or by both such fine and imprisonment.

Section 4. Ordinance No. 761 (New Series), approved May 3, 1909, is hereby repealed.

Section 5. This Ordinance shall take effect immediately.

Privilege of the Floor.

J. C. Williams, attorney, representing the moving picture interests, was granted the privilege of the floor. He urged the passage of the foregoing ordinance, declaring that local boards of censorship seriously interfered with the development of the moving picture industry. What was acceptable in one community was rejected in another as unfit for public exhibition. He believed that the public is the best judge of what should be permitted and that there should be no more restrictions placed on the moving pictures than are placed on newspapers.

Mrs. Ward and other women representing the California Club, opposed the foregoing ordinance on the ground that it abolished the Board of Censorship which, they maintained, should be retained as a check on tendency to produce immoral pictures. They declared that they had no desire to interfere with legitimate moving picture business.

HEARING OF APPEALS.

The following matters laid over from last meeting were taken up and

on motion of Supervisor Welch ordered *recommitted to the Streets Committee.*

Pollard Place.

Hearing the appeal of property owners from the action and decision of the Board of Public Works in overruling all protests against the improvement of Pollard place from Vallejo street to its northerly termination, as set forth in Resolution of Intention No. 47317 (Second Series), hearing fixed for 3 p. m.

Ada Court.

Hearing the appeal of the property owners from the action and decision of the Board of Public Works in overruling the protests against the improvement of Ada court from O'Farrell street to its northerly termination, as set forth in Resolution of Intention No. 47317 (Second Series), hearing fixed for 3 p. m.

Circular Avenue.

Hearing of objections to the confirmation of the report of the Board of Public Works of the damages and benefits resulting by reason of the proposed widening of Circular avenue, between Diamond street and Sunnyside avenue, proceeded.

Protestants Called.

Thereupon, the Clerk called the names of the following protestants: Homeland Co., represented by J. B. Zimdars; M. A. Austin, 335 Flood avenue; Edgar D. Peixotto, 14 Montgomery street; The McCarthy Co., 316 Bush street; B. K. Bauman, 525 Market street; Mary A. Clark, by Peter Tamony; Ellen Herbert, 213 Acadia street; L. Roscelli, by M. Depaoli; and J. and Mary Schnorr.

Privilege of the Floor.

J. B. Zimdars addressed the Board, declaring that he represented those who were opposed to the apportionment of damages as determined by the Board of Public Works. He believed that it would be more scientific to assess according to the street frontage rather than the block system, drawing the line through the middle of the block rather than the middle of the street. He said, also, that he represented those who do not believe this is the proper time for this improvement, since there is no immediate prospect of the Bernal Cut project being carried out. The proposed widening of Circular avenue, he declared, was a part of the Bernal Cut project and originated with that matter.

Peter Tamony also addressed the Board. He declared that he heartily approved the proposed improvement, but opposed the award of \$185 made to his client, Mrs. Clarke, whom he believed should be awarded \$415 more.

He declared that Mrs. Clarke has delayed building a house for which plans have been prepared and for which she had a tenant, on the advise of the Board of Public Works that the entire front of the building would have to be removed when Circular avenue is widened. By reason of that fact she claims further damage to the extent of \$415.

M. Santacoli, representing Mrs. Lauer, opposed award of \$284 to latter. He claimed additional damages to the total amount of \$450.

Jos. Schnorr also addressed the Board. He protested the award of \$1,428 made to him, and claimed \$2,500. He declared that he had excavated the property and built a retaining wall, and he believed that he should be compensated for that work.

M. Depaoli, representing L. Roscelli, claimed \$5,000 for five-room house of his client. He is now willing to accept \$4,000.

Mrs. McKenzie, J. Johnson, Mrs. Herbert, and Jas. J. Reilly favored the proposed improvement but were opposed to their assessment as being too high.

Mr. Davis, Jos. Wilson, M. O'Connor, O. Braham, R. Mohr Jr., and R. Mohr Sr., also addressed the Board, urging the approval of the report of the Board of Public Works.

Motions.

Supervisor Suhr moved that the report be confirmed and the work ordered.

Supervisor Gallagher moved as an amendment that the subject matter be recommitted to the Street Committee, with instructions to report not less than two weeks from today.

Amendment accepted.

The amendment was thereupon adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were read and ordered placed on file:

Streets Committee, by Supervisor Welch, Chairman.

Commercial Development and Streets Committee, Supervisor Kortick, Chairman.

Health Committee, by Supervisor Walsh, Chairman.

Award of Contract, Motor Van for Sheriff.

The following resolution laid over from last meeting was taken up:

Resolution No. 13381 (New Series), as follows:

Resolved, That the Hewitt-Ludlow Auto Co. be and is hereby awarded a contract for furnishing and delivering one motor van for use of Sheriff in strict conformity with its bid submitted therefor on September 5, 1916, for the sum of \$3,200.00; that said contractor shall furnish a bond in the sum of \$1,000.00 for the

faithful performance of said contract, the sufficiency of sureties upon said bond to be subject to the approval of the Mayor; that all other bids for said article are hereby rejected.

Privilege of the Floor.

Mr. Wilson, representing Arnot and Presley, protested the award to Hewitt-Ludlow on the ground that the bid of his firm was lower and its truck superior to the Hewitt-Ludlow truck. He claimed equal consideration in so far as home industry is concerned, declaring that trucks made by Hewitt-Ludlow are assembled here from parts manufactured in the East.

Mr. Hewitt, representing Hewitt-Ludlow, controverted the alleged inferior features of the Hewitt-Ludlow truck as compared with the Signal truck of Arnot and Pressley. He rested his case on the superiority of his truck and declared that the city will get value received for every dollar paid. As to the home industry, he said that his firm has been in San Francisco for thirty years. Mr. Wilson's firm has been here from two to four months.

Whereupon the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hynes, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—11.

CHARTER AMENDMENT NO. 11.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 1 of Chapter II of Article V

of the Charter relating to the creation of a position of City and County Attorney and fixing his compensation.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 7th day of November, 1916, a proposal to amend said Charter as follows:

That Section 1 of Chapter II of Article V is hereby amended to read as follows:

Section 1. The office of City Attorney is hereby abolished and upon the taking effect of this amendment, the term of office of the incumbent of the office of City Attorney shall expire.

There shall be an attorney and counsellor of the city and county who shall be styled and designated City and County Attorney, who shall receive an annual salary of ten thousand dollars (\$10,000). Within ten days after this amendment shall take effect the Mayor shall appoint a City and County Attorney who shall hold office until 12 o'clock noon on the 8th day of January, 1922. At the primary and general municipal elections held in the year 1921 and every four years thereafter, there shall be nominated and elected, in accordance with the provisions of Chapter II of Article XI of the Charter, a City and County Attorney whose term of office shall be four (4) years and who shall take office at 12 o'clock noon on the 8th day of January next succeeding the date of his election. The City and County Attorney must, at the time of his appointment hereunder, or at the time of his election, be an elector of the city and county qualified to practice in all the courts of this state, and he must have been so qualified for at least ten years next preceding his appointment or election; during five years of which he must have been an actual resident of the city and county. He shall devote his entire time and attention to the duties of his office. All of the provisions of this Charter, including Sections II, III, IV, and V of this chapter, which in any way relate to the City Attorney, or the office of city attorney shall, from and after the taking effect of this amendment, relate and apply to the City and County Attorney and the office of city and county attorney. All ordinances or resolutions of the Board of Supervisors, or of any board or department of the city and county government which are in force and effect at the time that this amendment takes effect, and which relate to or are applicable to the City Attorney, or the office of city attorney, or to the appointment, employment, compensation or duties of assistants, deputies, employees, or other appointees in service under the City Attorney or in the office of the City Attorney shall, upon and after the taking effect of this amendment, with like effect apply to, and relate to the City and County Attorney, and to the office of city and county attorney, save that nothing herein shall in any way affect or limit the right and power of, the City and County Attorney to select, remove or appoint at pleasure any assistant, deputy, appointee, employee or person in service in the office of the City and County Attorney as fully and effectively as the former City Attorney might or could have done prior to the approval of this amendment. Any City and County Attorney appointed under the provisions of this Section for the term ending January eighth, 1922, may be suspended or removed from office in the same manner as provided by the Charter for the suspension and removal by the Mayor and Supervisors of elective officers and not otherwise; and the provisions of Chapter V of Article XI of the Charter relating to the recall of officers are hereby made applicable to any City and County Attorney in office after the eighth day of January, 1922.

Initiative, Referendum and Recall Elections.

CHARTER AMENDMENT NO. 24.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Sections 2, 3 and 5 of Chapter III.

and Sections 2 and 3 of Chapter V of Article XI relating to the initiative, referendum and recall elections.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 7th day of November, 1916, a proposal to amend the Charter as follows:

That Sections 2, 3 and 5 of Chapter III, and Sections 2 and 3 of Chapter V of Article XI are hereby amended to read as follows:

That Section 2 of Chapter III of Article XI of the Charter of the City and County of San Francisco is hereby amended to read as follows:

Section 2. The words "registered voters" as used in this chapter, shall mean qualified voters whose names appear on the records of registration for the current or next preceding year. The signatures to the petition need not all be appended to one paper, but said petition may be presented in sections. The number of signatures to each section shall be at the pleasure of the person soliciting signatures to the same.

Any qualified voter of the city and county is competent to solicit signatures and make the affidavit of verification to said signatures. Each signer to said petition shall add to his or her signature his or her place of residence, giving the street and number, and there shall be also added by the said solicitor such other matter as is authorized by this section. Every section of such petition shall be verified by the person soliciting such signatures by his or her affidavit, which affidavit shall be in the following form, with the blank spaces properly filled in:

"STATE OF CALIFORNIA
City and County of San Francisco } ss.

(.....), being duly sworn, deposes and says that ..he is the person who in person solicited each and every signature to the annexed section of said petition, and that deponent has with pen and ink or indelible pencil, numbered each such signature seriatim, commencing with number 1. That no person signed said petition upon said section except in the presence of deponent. That said section has not been left at any time where any person could sign the same except in the personal presence of deponent. That each and every signature to said section was made in the personal presence of deponent, and that to the best of his (....) knowledge and belief each signature is the genuine signature of the person whose name purports to be thereunto subscribed. That deponent was at the time of soliciting such signature, and now is, a duly qualified voter of the said city and county."

Said affidavit shall be subscribed by the person making such affidavit and sworn to by such person before a person authorized to take such oath to such affidavit. Each section of such petition must be prepared substantially in accordance with the requirements of this chapter, and all signing, not made, numbered and verified substantially in accordance with the requirements of this chapter shall be disregarded. The Registrar of Voters shall print sample sheets for signing such petition, in blank, and sample blank affidavits of verification, and furnish a copy of each to any person desiring to get up a petition.

The affidavit herein provided for shall be at the end of each section. The solicitor of such signatures, before his affidavit is taken, must number each signature upon the section seriatim, beginning with number 1, at the right hand of the residence opposite to each signature to such section in a column to be made for that purpose; such numbering must be with pen and ink or indelible pencil. There shall also be to the left hand of such signatures, a column at least one inch wide, in blank headed "Precinct", and to the left of that, an additional blank space, substantially one-half inch wide, to admit of such abbreviations as the Registrar shall deem necessary to the expeditious mode of verification of such petition. All precincting shall be done in the office of the said Registrar, but no section or signature shall be rejected, because precincts have been inserted elsewhere, before filing. Any signer to a petition may withdraw his name from the same by filing with the Registrar of Voters a verified revocation of his signature before the filing of the

petition. No signature can be revoked after the petition has been filed. The Registrar of Voters, or his deputy, shall endorse on said petition the names of three persons who filed said petition, and the date of the filing of the same at the time of filing said petition. Unless and until it be proven otherwise by official investigation by the Registrar of Voters, it shall be presumed that the petition filed conforms to all legal requirements, and contains the signatures of the requisite number of registered voters, and after an election based thereon, the sufficiency of such petition shall not be questioned.

That Section 3 of Chapter III of Article XI of the Charter of the City and County of San Francisco is hereby amended to read as follows:

Section 3. The Registrar of Voters shall have fifteen (15) days after the filing of such a petition, and the same time after receipt by him of a Charter amendment petition, in which to verify the same and certify the result thereof in the manner provided by this section. Within such time, the Registrar of Voters shall finally determine from the records of registration whether or not said petition is signed by the requisite number of electors entitled to vote. If any signature be called in question, the said Registrar of Voters shall mail notice to such purported signer, stating that his or her name is attached to such petition and citing him or her to appear before said Registrar of Voters forthwith, naming the time and place. Said citation shall enclose a blank affidavit, denying that the person signing such affidavit signed such petition, and said citation shall also contain a statement, that a blank affidavit denying that such persons signed such petition, is enclosed, and that if such person does not desire to attend in person to deny his signature he may swear to such affidavit of denial before any officer authorized to take oaths, and mail the same to the Registrar of Voters, and that if he does not so attend and deny such signature in person, or by making and mailing such affidavit of denial, that his purported signature to such petition will be treated as genuine.

Unless said purported signer shall appear when cited and deny his signature under oath before said Registrar, or his deputy, or unless the Registrar of Voters shall receive such sworn affidavit of denial of such signature, before the time when by this chapter the said Registrar must, as aforesaid, make such final determination, such signature must be counted as genuine.

The Registrar shall keep a list of the names of all purported signers who appear before him and deny their signatures under oath, and also file and keep such affidavits, for at least five years.

The Board of Supervisors shall make necessary appropriation of money, and the Board of Election Commissioners shall allow to the Registrar of Voters all the extra help he may require for the purpose of examining and making investigation of such petition. The Registrar of Voters, upon the completion of such examination and determination, shall forthwith attach to said petition his certificate properly dated and showing the result of said examination, and shall forthwith mail a copy of said certificate to the respective persons endorsed by him on said petition as filers thereof. If by said certificate the petition is shown to be insufficient, it may be amended by additional signatures within twenty days after the date of said certificate, in the same manner in all respects as required for the original petition. Within ten days after the filing of such amended or supplemental petition, the Registrar of Voters shall make like examination and determination of the amended or supplemental petition, and attach and mail a like certificate. If, upon the examination and certification of such original petition, or such original and supplemental petition, it shall appear that a sufficient number of qualified voters have signed such petition to require an election to be held thereon, the Registrar of Voters shall, if a special election is required to be held upon such petition, require the Board of Election Commissioners to meet in not less than five days after the date of his certificate that such petition is sufficient, and if no regular meeting of the Board of Election Commissioners is set within such required period, the Registrar of Voters is authorized and required to issue a call for a special meeting of said Board to convene within the required time, and at such meeting of the Board, or any of the meetings

of the Board within said required time, said Registrar of Voters shall report the sufficiency of such petition to said Board of Election Commissioners and exhibit a certificate or certificates attached to said petition, or amended petition, or both, and said Board shall, if said certificate show the petition sufficient, call an election as required. If, however, after the examination of said petition and any amended or supplemental petition, or after the expiration of the time when the supplemental petition is permitted to be filed, said petition is shown insufficient, the Registrar of Voters shall report such insufficiency to the Board of Election Commissioners at their next regular meeting after the fact of such insufficiency shall have become final, and exhibit his certificate or certificates so attached to such petition or petitions. A petition finally insufficient does not prevent a new proceeding.

The words "last preceding regular municipal election", or "last preceding general municipal election", wherever the same occur in Chapters III, IV or V of said Article XI of said Charter, mean the last municipal election at which a mayor for said city and county was elected for a full term.

That Section 5 of Chapter III of Article XI of the Charter of the City and County of San Francisco is hereby amended to read as follows:

Section 5. If the petition be signed by registered voters as many in number as four per cent but less than ten per cent of the said entire vote, or if for any reason any measure proposed by a petition signed by registered voters as many in number as ten per cent of said entire vote has not been submitted at a special election as provided in Section 4 of this chapter, then, in either event, such measure or measures, without alteration, shall be submitted by the Board of Election Commissioners to a vote of the electorate at the next general State or municipal election that shall occur at any time after thirty days from the date of the certificate of sufficiency attached to the petition accompanying such measure.

That Section 2 of Chapter V of Article XI of said Charter is hereby amended to read as follows:

Section 2. Said petition shall be in all respects in accordance with the provisions of Sections 2 and 3 of Chapter III (the initiative) of Article XI of this Charter, which sections are hereby made part hereof, and shall be examined and certified as provided by said sections last mentioned.

That Section 3 of Chapter V of Article XI of said Charter is hereby amended to read as follows:

Section 3. Unless the petition shall be found insufficient in the number of signatures of registered voters attached thereto, within the time provided for examining and certifying the result of the examination of said petition, the Board of Election Commissioners shall, within the time provided therefor, order and fix a date for holding the said election, said date to be not less than thirty-five nor more than fifty days after the date of the order fixing the date of said election; provided, however, that where the office has become vacant by death, resignation or otherwise, between the time of the filing of the petition and the fixing of a date for an election, no recall election shall be held. Such vacancy shall be filled in the manner provided by this Charter. If a vacancy occur in said office after a date for holding said election has been fixed, as herein provided, the election shall nevertheless proceed as in this chapter provided.

Sheep Corral at Silliman and Holyoke Streets.

Mrs. Erickson and several other property owners in the vicinity of Silliman and Holyoke streets appeared before the Board and were granted the privilege of the floor. They declared that although they could not find out that any permit had been granted, over 5000 sheep were being cared for on block of land at Silliman and Holyoke streets, and that today twenty carpenters were building and have nearly completed a large number of corrals at this location. Those present declared that they wished to make emphatic protest against permitting a sheep corral in the district. The property owners declared that they were not permitted to maintain a cow or a goat on account of the law and that there should be no discrimination in favor of the sheep owners. Mrs. Erickson and her neighbors claimed that if these sheep corrals were permitted that their property values would be depreciated and the health of themselves and their children seriously menaced. This corral, it was said, is within two blocks of the public school.

Mr. Jordan of the permit department of the Board of Public Works, being sent for, declared that a permit for stock in transit had been issued on the recommendation of Dr. Hassler of the Board of Public Health.

Motion.

Supervisor Wolfe moved that the

Health Committee of the Board of Supervisors investigate the complaint of the property owners that this sheep corral is dangerous to the health of the community and if found to be so to bring in an ordinance framed so as to afford adequate relief. Work in the meantime to be stopped if not already finished.

Motion carried.

CONSIDERATION OF PROPOSED CHARTER AMENDMENTS.

Public Aquarium.

The following proposed Charter Amendment was thereupon presented with the *recommendation of the Judiciary Committee*:

CHARTER AMENDMENT NO. 17.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new subdivision to Section 1 of Chapter 11 of Article II, to be known as subdivision 43, relating to the acquiring and maintenance of a public aquarium.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 7th day of November, 1916, a proposal to amend said Charter as follows:

That Section 1 of Chapter 11 of Article II is hereby amended by adding thereto a new subdivision, to be known as subdivision 43 and to read as follows:

43. To accept gifts of buildings, properties and monies for the purpose of establishing and maintaining a public aquarium, and to appropriate from the general fund of the City and County not less than twenty thousand dollars annually for the support and maintenance of a public aquarium.

Privilege of the Floor.

E. O. McCormick was granted the privilege of the floor and addressed the Board. He said: Nothing attracts so much attention as an aquarium. The aquariums at Naples and at other places are famous throughout the world. While we on this coast have the largest breeding places in San Francisco and Monterey bays, we take little or no advantage of them, although we have more varieties of fish than any other place in the world. We have 44 edible varieties. From an educational standpoint alone this aquarium is very desirable and we hope for a favorable reception of our plan. The cost, he said, would fall inconsiderably on any and all taxpayers.

C. Westerfeld, State Fish and Game Commissioner, also addressed the Board, favoring the submission of the proposed Charter Amendment.

Ordered Submitted.

Whereupon, Supervisor Hayden moved that foregoing Charter Amendment, providing for a public aquarium and an appropriation therefor, be *ordered submitted* to the electors.

Motion *carried* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Fourth: Any member or members of the family of the deceased, claiming to be entitled to a pension under the provisions of this section, shall file a verified petition therefor with said Commission, which petition shall thereafter be heard by said Board, upon such reasonable notice to the petitioner or petitioners of the time and place of such hearing, as said Board may by rule or order prescribe. Ordered Submitted.

Whereupon, on motion of Supervisor Wolfe, the foregoing amendment was *ordered submitted* by the following vote:

That Section 1 of Chapter VIII of Article V of said Charter is hereby amended to read as follows:

Section 1 (a). The court in and for the City and County of San Francisco heretofore created and established, and known as the Police Court of the City and County of San Francisco, is hereby continued.

(b). There shall be four judges of said court, one of whom shall be presiding judge.

(c). Whenever a vacancy occurs in the office of judge of said court from any cause, the Mayor shall appoint an eligible person to the vacancy, to serve during the unexpired term created by such vacancy. The Mayor shall also, from time to time at his pleasure, appoint one of said judges as presiding judge, the latter to serve as such until the Mayor makes other appointment.

(d). Upon the request of the Mayor the presiding judge shall designate or appoint one of the judges whose duty it shall be to hold a night session of the court five days in each week, such night session to commence at 8 o'clock in the evening and to continue until such hour and on such evenings as the Mayor shall designate. (h). No person shall be eligible as police judge unless during the five years next preceding the election or appointment to said office, such person has been an attorney admitted to practice in all the courts of the State of California in good standing, and for the same period a qualified elector of the City and County of San Francisco.

(i). Each judge shall receive an annual salary of \$3,600.00.

(k). The said eight year terms for said judges shall commence to run immediately upon the expiration of the present terms of said judges.

(l). Any judge of the police court shall be subject to recall in the same manner as all other elective officers of the City and County.

(m). If any police judge, or officer or attache of said police court, wilfully or negligently fails to perform any of his official duties, he shall be subject to removal from office according to the procedure of section 772 of the Penal Code, as in effect November 7, 1916.

(n). Any person arrested for misdemeanor must be promptly brought before the court, and there must be a speedy disposition of the case, unless the accused requests a postponement, to the end that if possible the accused shall not be unduly restrained of his liberty nor compelled to furnish bail.

Amendment.

Supervisor Wolfe moved as an amendment that the term of office be made "six years" instead of "eight years."

Motion carried.

James Hanley, J. M. Oliver and Nat. Coghlan, attorneys representing Police Judges, were granted the privilege of the floor and addressed the Board in opposition to the proposed Charter amendment providing for appointive judges on the ground that it is un-American and unconstitutional. They requested that the foregoing amendment be ordered submitted for approval to the electors.

Geo. Scholar, representing Civic League, also addressed the Board. He declared that this measure was intended to confuse the voters and cause the defeat of the initiative amendment submitted by the Civic League providing for appointment by the Mayor, six year term and night sessions.

Ordered Submitted.

Thereupon on motion of Supervisor Power the foregoing amendment was ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—15.

Noes—Supervisors Gallagher, Hayden—2.

Absent—Supervisor Nolan—1.

Explanation of Vote.

Supervisor Gallagher explained vote by saying: "In voting No on this proposed amendment I do so simply on the principle that the right kind of government is for short terms for the judiciary. I wish it understood that my action should not be construed as a vote to help the so-called initiated Appointive Police Judge Amendment. I deem that a vicious proposition and a reflection on the intelligence of the electorate. The nearer the judiciary is kept to the electorate, the more likely will their decisions fit progressive government, and responsiveness to popular will."

(c) The name of every candidate who has been duly and regularly nominated shall be placed on the ballot under the title of the office for which he is a candidate; provided, that a candidate whose nomination has been completed, may, not less than thirty days before a municipal election and not less than twenty-five days before a recall election, withdraw as a candidate by filing with the Registrar of Voters, his withdrawal, naming the office; such withdrawal must be signed and sworn to by the person withdrawing, and no withdrawal at any later date shall be of any force or effect.

Rotation of Candidates' Names.

Section 11. The ballots for the Assembly district of the city and county designated by the lowest number shall have the names of each group of candidates for an office or offices arranged in alphabetical order, according to the family name of the candidate. In the Assembly district designated by the next higher number the groups of names shall be the same as in the district designated by the next lower number, save that the last candidate in the group in the preceding district shall be placed at the beginning of the group, the succession of names to be otherwise unchanged, and so on, rotating the names in this order throughout all the Assembly districts.

In the event that the number of candidates in any group shall exceed the number of Assembly districts in the city and county, then the total number of candidates in such group shall be divided by the number of Assembly districts and the quotient, if an integral number, or if fractional then the next higher integral number, shall be the number of candidates to be taken from the end and placed at the beginning of such a group in each successive Assembly district; the rotation then being in this manner, to-wit: if there be fifty-six candidates for Supervisors and twenty Assembly districts, numbered from twenty-five to forty-four, the fifty-fourth, fifty-fifth and fifty-sixth candidates in the group of the twenty-fifth district will be the first, second and third candidates, respectively, in the group in the twenty-sixth district.

Spaces for Name and for Voting Cross.

Section 12. (a) The candidate's name shall be printed in 8-point Roman capital type and shall be enclosed by lines above and below, three-eighths inch apart. Three three-eighths inch squares shall be provided at the right of the name of each candidate wherein the voter may stamp a cross for that candidate as his first, second or third choice, and at the top of each column of candidates the three columns of squares shall be designated "First Choice", "Second Choice" and "Third Choice" respectively.

Blank Spaces for Additional Candidates.

(b) Three-eighths inch spaces shall be left below the printed names of candidates for each office equal in number to the number to be elected, wherein the voter may write the name of any person or persons for whom he may wish to vote.

Other Requirements of Ballot.

Section 13. All ballots shall be precisely of the same size, quality, tint of paper, kind of type, and color of ink, so that without the number it would be impossible, in each Assembly district, to distinguish one ballot

from another; and the names of all candidates printed upon the ballot shall be in type of the same size and style. A column or columns may be provided on the right hand side for Charter amendments or other questions to be voted upon at the municipal elections, as provided for under the Charter.

Voting Machines.

Section 14. In the event of the use of voting machines, the ballot shall be arranged on the machines in the same form in each Assembly district as provided for the printed ballot.

No Party Designation.

Section 15. No party name or political designation or descriptive matter concerning the candidate shall appear on the ballot.

Form of Ballots.

Section 16. Except as to the order of names of candidates, the ballots shall be printed in the form designated by the Board of Election Commissioners.

Sample Ballots.

Section 17. The Registrar of Voters shall cause to be printed ballots identical with the ballot to be used in each Assembly district at the election and shall furnish copies of the same on application to registered voters at his office at least ten days before the date fixed for such election, and shall mail to each voter entitled to vote at such election a copy of the ballot to be used in his district, so that all said sample ballots shall have been mailed at least eight days before said election.

Section 18. The Registrar of Voters shall, at each municipal or special municipal election, prepare lists for and select and appoint for each election precinct a precinct board of election officers to hold and conduct such election at the precinct for which said board is appointed. Such board shall consist of four persons—one inspector, one judge and two clerks, who shall perform all the duties required by law at such polling place, except, as in this chapter provided. In constituting such precinct board the Registrar shall have the power to excuse persons appointed whenever he is satisfied any such person ought to be excused, and to substitute new appointees in all cases when any person appointed shall be excused or found disqualified or incompetent by the said Registrar of Voters, down to the time when the Registrar of Voters shall send the final inspector's list of such election officers to the inspector, which list shall be his final order of appointment.

Canvass of Returns and Determination of Results of Election.

Section 19. (a) The ballots cast at any given precinct shall not be counted at the polling place, but as soon as the polls are closed, the precinct election officers shall not open the ballot box except as may be necessary to close the mouth of the box, and see that the ballot box is correctly locked again without any ballot being removed or added, and seal the same and separately seal the key in the manner provided by printed instructions from the Registrar of Voters, and as soon as said election officers have certified, signed and sealed the other packages or envelopes as required by law, such ballot box and key and packages shall be sent by not less than two of said precinct election officers to the office of the Registrar of Voters and there delivered to the Registrar, and until so delivered it shall be unlawful for such officers so conveying the same to allow any other person or persons to have possession of said ballot box or key or packages. Such officers shall proceed as continuously as possible to the office of the Registrar of Voters. Immediately upon the delivery of such ballot box to the Registrar of Voters or his deputy, said Registrar shall cause each such box to be plainly labeled with the correct number of the precinct in which such ballots were cast. The Registrar of Voters shall in such manner as he shall deem best calculated to provide competent persons, select and provide as

many persons as he may deem necessary for the counting, tallying and certifying of returns of the vote cast in each precinct, and such persons shall have the qualifications required for election officers at state elections, save that all persons who are employed in the Department of Elections, or who report for service from the Civil Service of the city and county, shall, if not a candidate at such election, be qualified, save that none of the persons so selected need reside in a particular precinct. The persons so selected and provided shall be segregated by the Registrar of Voters or his deputies into counting boards respectively to consist of three persons each, and each such selected counting board shall proceed to count and tally such ballots by precincts separately under the direction of the Registrar of Voters or his deputies or such superintendents as the Registrar of Voters may direct, in the same manner provided by law for counting, tallying and certifying ballots at state elections except as herein otherwise provided. The form of tally sheets shall be provided and determined by the Registrar of Voters, and there shall be a certificate at the end thereof to the effect that the foregoing is the correct result of the election in such precinct, and such certificate shall be signed by the three persons who completed such tally list and return. The Registrar of Voters or any deputy empowered by him by writing may excuse or dismiss any person from any such counting board at pleasure and enforce such order and substitute any person so provided by the Registrar of Voters in the place of any person so excused, dismissed, or who absents himself from said counting board. Any person acting on any such counting board who shall refuse to obey any lawful order of the Registrar or his deputy shall be guilty of a misdemeanor. The tally sheets shall be in duplicate, kept by two clerks, and one copy upon the completion thereof shall be sealed and signed across the flap in the manner provided by the laws of the State of California for sealing tally lists where votes are counted at the precinct, and the other tally list shall remain open for inspection in the office of the Registrar of Voters. The returns so sealed shall be securely kept by the Registrar until produced before the Board of Election Commissioners for official canvass in the manner provided by law. The Registrar of Voters shall determine the compensation to be paid to each person employed in counting, tallying and sealing such ballots or engaged in superintending or assisting during said count, not to exceed the sum of twenty-five dollars (\$25) aggregate for each precinct, and such claims and demands when certified by the Registrar or his deputy and presented to the Board of Election Commissioners shall be allowed in open session, and the Auditor shall audit and the Treasurer pay such claims out of the general fund. Except as herein otherwise provided, the provisions of the laws of the State of California applicable to state elections or state election officers, and such laws relating to the official canvass and declaration of the result of state election returns shall apply to the counting, tallying, certifying, sealing, custody and official canvass of the ballots and returns counted and returned under the provisions of this chapter. If there shall not be room enough in the Department of Elections for the counting of said votes, the Registrar of Voters may cause such counting to proceed in any other place in the same building which may be obtained by him for such purpose, provided, that a notice of the location of such place be conspicuously displayed in the Department of Elections. Said votes shall be counted in a place open to the public, and the boards counting the same shall enter the total number thereof on the tally sheets provided therefor. They then shall count and enter the number of the first, second, and third choice votes for each candidate on said tally sheet and make returns thereof to the Board of Election Commissioners as herein required. The canvass must be public, in the presence of bystanders, and must be continuous, without adjournment, until completed and the result thereof is declared. Any candidate shall be entitled to a representative among the bystanders.

The provisions of this chapter relating to counting the ballots shall not apply to a special municipal election at which a proposition or propo-

sitions, or question or questions, only is, or are, voted upon; but the ballots at all such special elections shall be counted at the respective polling places and returned by the precinct election boards under the laws applicable to such elections.

(b) If a ballot contain more than one vote for the same candidate, only the one of such votes highest in rank shall be counted. If a ballot contain either first or second or third choice votes for any office in excess of the number of places to be filled for such office, no vote for that office in the column showing such excess shall be counted.

(c) Paragraph (b) of this section shall be printed conspicuously on the tally sheet.

(d) Candidates receiving a majority of the first choice votes for any office shall be elected. If the full number of candidates to be elected do not receive such a majority of the first choice votes for such office, a canvass shall then be made of the second choice votes received by those candidates for said office who are not elected by first choice votes; said second choice votes shall be added to the first choice votes received by such candidates and candidates who by such addition shall receive a majority shall be elected.

(e) If by the count of either first choice votes or first and second choice votes, as above provided, more candidates than there are offices to be filled shall receive a majority, the candidate or candidates equal in number to the number of offices to be filled having the highest vote shall be elected.

(f) If the full number of candidates to be elected do not receive a majority by adding first and second choice votes, as above directed, a canvass shall then be made of the third choice votes received by those candidates for said office who are not elected, either by first choice votes or by adding first and second choice votes. Said third choice votes shall be added to the first and second choice votes received by such candidates, and the candidates, equal in number to the number of offices remaining to be filled, who receive the highest number of votes by said addition shall be elected.

(g) The above subdivisions (d), (e) and (f) shall be applied and carried out in the making of the official canvass and the declaration of the official result.

Ties.

Section 20. A tie between two or more candidates shall be decided in favor of the one having the highest number of first choice votes. If they are also equal in that respect then the highest number of second choice votes shall determine the result. If this does not decide, then the tie shall be determined by lot, under the direction of the Board of Election Commissioners.

Majority Defined.

Section 21. A majority vote for any candidate for an office where but one is to be elected shall be deemed to be more than one-half of the total number of first choice votes cast for all candidates for such office.

A majority vote for a candidate for an office where a group is to be elected shall be more than one-half of the number secured by dividing the total of first choice votes cast for all candidates for such office by the number of places to be filled.

Failure of Persons Elected to Qualify.

Section 22. If a person elected fails to qualify, the office shall be filled as in this Charter provided for a vacancy in such office.

Informalities in Election.

Section 23. No informalities in conducting municipal elections shall invalidate elections, if they have been conducted fairly and in substantial conformity to the requirements of this Charter.

Section 24. From and after the first day of July, 1917, the annual salary of the Registrar of Voters shall be fixed by resolution of the Board of Election Commissioners of the City and County of San Francisco. Any provision of this Charter contrary to or inconsistent with the provisions of this section are hereby repealed.

Section 25. After the election of a mayor for a full term at an election held under and pursuant to the provisions of this chapter, the words "entire vote for all candidates for the office of mayor" as used in the initiative Chapter III of Article XI of this Charter, and the words "entire vote cast for mayor" as used in the referendum Chapter IV of Article XI of this Charter and as used in the recall Chapter V of Article XI of this Charter, shall in each respective case where such words are so used be deemed to mean the total of first choice votes cast for all candidates for mayor for a full term at an election held under this chapter.

That Section 5 of Chapter V of Article XI of the said Charter is hereby amended to read as follows:

Section 5. The Registrar of Voters shall in any recall election place upon the ballot the name of the incumbent whose removal is thus sought; unless such incumbent shall file in writing a request that his name do not appear. Any person may be nominated for any office sought to be filled at such recall election by filing the declaration of candidacy and the certificates of not less than ten or more than twenty sponsors in the form provided in Chapter II of this article for the general municipal election. Such declaration and certificates shall be filed with the Registrar of Voters not less than twenty-five nor more than thirty-five days before the date set for the recall election.

That Section 7 of Chapter V, Article XI, of said Charter is hereby amended to read as follows:

Section 7. Elections for the recall or removal of an elected officer shall be conducted as provided in Chapter II of this article for the election of officers at the general municipal election, and the ballots shall be prepared, cast and counted in the manner therein prescribed.

The successor of the official so removed shall hold office during the unexpired portion of the term for which such official was elected, unless sooner recalled under the provisions of this chapter. If the incumbent receive the number of votes necessary to constitute an election, he shall continue in office; and it shall require not less than double the number of signatures provided in Section 1 of this chapter to initiate a second election for his recall; and if re-elected at such second recall election it shall require not less than three times the number of signatures provided in Section 1 of this chapter to initiate a third election for the recall of such officer during the term for which he was elected.

The Board of Supervisors is further empowered to provide in such ordinance, if it be deemed expedient by said Board, that such portion of any assessment levied in pursuance of such ordinance for a modification or change of street grades and the performance of street work in connection therewith, as shall have been assessed for the costs and expenses of such street work performed, may at the option of the owner of property so assessed, be paid in installments covering a period provided for in such ordinance, but not to exceed ten years, upon such terms and conditions as may in such ordinance be provided and in accordance with the method therein prescribed, but the Board of Supervisors shall not require interest to be paid on such installment payments at a rate greater than seven per cent per annum.

No assessment shall be levied in pursuance of such ordinance upon any property for the modification or change of street grades and the performance of street work in connection therewith, which, together with all assessments for street work or for damages or for both in connection with the modifica-

tion or change of street grades that may have been levied upon the same property during the year next preceding the inception of the proceedings for such modification or change of street grades and the performance of street work in connection therewith, will amount to a sum greater than fifty per centum of the value at which said property was assessed for municipal purposes, exclusive of improvements thereon, upon the assessment-book of the City and County current at the time of the inception of such proceedings. Such limitation of assessed valuation, however, shall not apply to such portion of any assessment made payable in installments as in this section hereinbefore provided for; but in no case shall any such installment payment exceed in amount twenty-five per centum of such assessed valuation.

The provisions of this section shall not be construed to limit or restrict any method or system enacted by any such ordinance as herein provided for to the provisions of such ordinance so enacted, and shall not be held to exclude any other method or system provided in this Charter for the aforesaid objects and purposes.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 33 of Chapter II of Article VI, relating to street improvement and work thereon.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 7th day of November, 1916, a proposal to amend said Charter as follows:

That Section 33 of Chapter II of Article VI is hereby amended to read as follows:

Section 33. The provisions in this Article relating to and providing for street work or street improvements in the City and County and providing for the payment of the costs and expenses thereof, shall not be deemed exclusive, but the Board of Supervisors may, and it is hereby empowered so to do, pass an ordinance by a vote of at least fifteen of its members, which may from time to time be revised or amended by a like vote, providing for street work or street improvements in the City and County and for the payment of the costs and expenses thereof; and, in and by such ordinance, it may declare and designate the kinds of such work or improvements.

Said Board is authorized and empowered to order such street work done or improvements made under such proceedings as it may in such ordinance provide, and to assess, in such manner and by such method as it may in and by such ordinance prescribe and provide, the proper costs and expenses thereof upon lands in private ownership, when the payment of such costs and expenses is not otherwise provided for in such ordinance, and when the payment of a portion of such costs and expenses is so otherwise provided for, to assess the remainder thereof upon such lands; to provide for a lien on lands so assessed for such work or improvements; and to provide in such ordinance the method for collecting and enforcing such assessments so levied, and the manner in which lands for which assessments levied thereunder remain unpaid may be sold; and to prescribe penalties for failure to pay

such assessments. By and in such ordinance said Board may provide for fully and completely exercising the powers which are hereby conferred as to such street work or street improvements and the assessment and collection of the costs and expenses thereof; and the provisions of such ordinance shall not be governed or limited by the provisions of this Article inconsistent or in conflict therewith.

The Board of Supervisors, if it be deemed expedient by the Board, is further empowered to provide in such ordinance that any assessment levied in pursuance thereof may at the option of the owner of property assessed be paid in installments covering a period provided for in such ordinance, but not to exceed ten years, upon such terms and conditions as in such ordinance may be provided and in accordance with the method therein prescribed, but the Board of Supervisors shall not require interest to be paid on such installment payments at a rate greater than seven per cent per annum.

No assessment shall be levied in pursuance of such ordinance upon any property for street work or street improvements which, together with all assessments for street work or street improvements that may have been levied upon the same property during the year next preceding the inception of the proceedings for such work or improvements, will amount to a sum greater than fifty per centum of the value at which said property was assessed for municipal purposes, exclusive of improvements thereon, upon the assessment-book of the City and County current at the time of the inception of such proceedings.

Such limitation of assessed valuation, however, shall not apply to any assessment made payable in installments as in this section hereinbefore provided for; but in no case shall any such installment payment exceed in amount twenty-five per centum of such assessed valuation.

The provisions of this section shall not be construed to limit or restrict any method or system enacted by any such ordinance as herein provided for street work or street improvements in the City and County to the provisions of such ordinance so enacted, and shall not be held to exclude any other method or system provided in this Charter for such work or improvements.

The following proposed amendment was presented:

CHARTER AMENDMENT NO. 28.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the said City and County by admending Section 2 of Chapter III of Article IV, relating to the deposit of public money by the Treasurer.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 7th day of November, 1916, a proposal to amend said Charter as follows:

That Section 2 of Chapter III, Article IV, is hereby amended to read as follows:

Section 2. The Treasurer shall receive and safely keep all moneys which shall be paid into the treasury. Except as hereinafter provided, he shall not lend, exchange, use nor deposit the same, or any part thereof, to or with any bank, banker or person; nor pay out any part of such moneys, nor allow the same to pass out of his personal custody, except upon demands authorized by law or this Charter, and after they shall have been approved by the Auditor. At the close of business each day, he shall take an account of and enter in the proper book the exact amount of money on hand. At the end of every month he shall make out and file with the Mayor and publish quarterly in the official newspaper a statement of the condition of the treasury, showing the amounts of receipts into and payments from the treasury, and on what account, and out of what fund. If he violate any of the provisions of this section, he shall be guilty of misconduct in office, and be liable to removal therefrom, and be proceeded against accordingly. He shall keep the accounts belonging to each fund separate and distinct, and shall in no case pay demands chargeable against one fund out of moneys belonging to another. He shall be in personal attendance at his office each day during office hours. No fees of any kind shall be retained by him, but the same, from whatever source received or derived, shall be paid by him into the treasury.

All moneys paid into the treasury of the City and County may be deposited by the Treasurer, upon the written consent of the Mayor, the Auditor and the Chairman of the Finance Committee of the Board of Supervisors, in any licensed national bank or banks within this State, or in any bank, banks or corporations authorized and licensed to do a banking business and organized under the laws of this State, provided that such bank or banks in which such moneys are deposited shall furnish as security for such deposits, bonds of the United States or of this State, or of any county, municipality or school district within this State, approved by the Treasurer and the City Attorney. The market value of the bonds furnished as security shall be at least 10 per cent in excess of the amount of the deposit secured thereby; but the amount of the deposit shall in no case exceed the face value of the bonds furnished as security therefor. And provided that such bank or banks shall pay a reasonable rate of interest, not less than 2 per cent per annum, on the daily balances therein deposited.

The rate of interest shall be fixed annually as herein provided in the month of January of each year on all deposits to be made for such year; provided that the rate of interest for the year ending December 31st, 1907, may be fixed as herein provided within ten days after this section goes into effect. The rate of interest shall be fixed by the Treasurer, the Auditor and the Mayor, and the same reported in writing to the Board of Supervisors immediately. Said rate of interest shall be a reasonable rate and not less than 2 per cent per annum on the daily balances deposited; and the rate of interest so established for each year as herein provided, shall be the uniform rate of interest required from all banks receiving deposits from the City and County for that year. Interest on all moneys deposited as herein provided for shall belong to the City and County and shall be paid quarterly into the general fund of the City and County except where the law of this Charter otherwise directs.

It shall be the duty of the Treasurer to receive from the bank in which the deposit is made, a receipt or receipts in duplicate, showing the date and amount of deposit and rate of interest to be paid thereon, one copy of which said Treasurer shall keep on file in his office and he shall file one copy with the Auditor.

The Treasurer shall keep a record in his office, which shall be open to public inspection, showing at all times the amount of money on deposit in

all banks in which the same is deposited, and dates of deposit; also a record of all banks making application for the deposit of the public funds.

The total amount of public moneys on deposit in any bank shall not at any time exceed 50 per cent of the paid-up capital stock of such depository bank or banks. The Treasurer shall not have on deposit at any one time more than 10 per cent of the public moneys under his control and available for deposit in any bank while there are other qualified banks requesting such deposits; provided, that the Treasurer shall not be required to deposit public moneys in any bank outside the City and County.

The receipt issued by any bank for deposits made therein, together with the bonds held as security therefor, shall be held by the Treasurer and be recognized and counted as cash to the amount recited in the receipt by the officers required by law to count the same.

Deposits, with interest thereon, shall be subject to withdrawal on demand of the Treasurer, conjointly with that of the Mayor, and any bank receiving the deposit of public moneys, may, at any time, return the same to the Treasurer, together with interest to date of return and it shall be the duty of the Treasurer, upon receiving the return of such deposit, to immediately return to such bank all bonds held as security for the deposit returned. When the Treasurer withdraws his deposit, he shall return, on the demand of the bank, such bonds as were held as security for the deposit or portion thereof withdrawn.

Should any bank fail to pay any public moneys held on deposit as herein provided, the Treasurer (with the written consent of the Mayor) may, after ten days' written notice to such bank, proceed to sell at public or private sale such of the bonds held by him as security, as he may see fit; provided, however, that he shall sell no bonds for less than their face value except at public sale, after ten days' printed notice in the official newspaper. The proceeds of such sale, after paying all expenses, shall be credited to the account of the bank which deposits the bonds as collateral. Any bank failing to make payment may, at any time before the sale of the bonds is completed, stop such sale by repaying all the moneys deposited with it, together with any expense that may have been incurred by the Treasurer as the result of such failure. Should the proceeds of any such sale fail to fully repay any deposit, the balance remaining unpaid may be collected in an action at law in the name of the City and County.

The Treasurer shall not be responsible for any loss of public moneys resulting from the deposit thereof when made in accordance with the provisions of this act. It shall be the duty of the Treasurer to safely keep all evidence of indebtedness issued by banks for deposits made therein and bonds deposited as security and the Treasurer shall be responsible for such evidence of indebtedness and for bonds held as security therefor, together with the interest thereon and the proceeds of any sale of such bonds; and the Treasurer shall be responsible to such bank for the safe return of the securities furnished by it to the Treasurer.

The expense of transportation of moneys to or from the treasury to such depositories shall be borne by such depositories.

Nothing in this section contained shall prevent the City and County from buying bonds or otherwise investing its money in any manner now provided by law or this Charter and nothing herein contained as to the disposition of interest and public moneys deposited shall apply to any money received or held by the City and County wherein any law or this Charter provides for the payment of interest or profit thereon into any particular fund.

CHARTER AMENDMENT NO. 16.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 1 of Chapter III of Article II relating to hours of labor and minimum wage on all public contracts.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 7th day of November, 1916, a proposal to amend said Charter as follows:

That Section 1 of Chapter III of Article II is hereby amended to read as follows:

Section 1. All contracts for goods, merchandise, stores, supplies, subsistence or printing for the City and County, as well as for all subsistence, supplies, drugs and other necessary articles for hospitals, prisons, public institutions and other departments not otherwise specifically provided for in this Charter, must be made by the Supervisors, with the lowest bidder offering adequate security, after publication for not less than ten days in the official newspaper; and no purchase thereof or liability therefor shall be made or created except by contract.

Except as otherwise provided in this Charter, the Board must determine annually what goods, merchandise, stores, supplies, drugs, subsistence and other necessary articles will be needed by the City and County for the ensuing year, and it shall have no power to purchase or to pay for the same unless the provisions in this Charter provided as to competitive bidding for supplies are strictly followed, and no contract shall be made for any of the same unless upon such competitive bidding.

All proposals shall be accompanied with a certificate of deposit or certified check on a solvent bank in the City and County of ten percentum of the amount of the bid, payable at sight to the order of the Clerk of the Supervisors. If the bidder to whom the contract is awarded shall for five days after such award fail or neglect to enter into the contract and file the required bond, the Clerk shall draw the money due on such certificate of deposit or check and pay the same into the treasury; and under no circumstances shall the certificate of deposit or check of the proceeds thereof be returned to such defaulting bidder.

Notices for proposals for furnishing the aforesaid articles shall mention said articles in general and shall state that the conditions and schedule may be found in the office of the Clerk of the Board of Supervisors; and shall also state that such articles are to be delivered at such times, in such quantities, and in such manner, as the Supervisors may designate. Any bidder may bid separately for any article named. The award as to each article, shall in all cases be made to the lowest bidder for such article, and where a bid embraces more than one article, the Supervisors shall have the right to accept or reject such bid or the bid for any one or more articles embraced therein. In the case of contracts for subsistence of prisoners, the advertisement for proposals shall specify each article required, the quality thereof, the quantity for each person, and the existing and probable number of persons to be supplied. No article or articles provided for in

this section shall have been made in any prison. The Supervisors shall require bonds with sufficient sureties for the faithful performance of every contract. The Clerk of the Supervisors shall furnish printed blanks for all such proposals, contracts and bonds.

All bids shall be sealed and delivered by the bidder to the Clerk of the Supervisors, and opened by the Board at an hour and place to be stated in the advertisement for proposals, in the presence of all bidders who attend, and the bidders may inspect the bids. All bids with alterations or erasures therein shall be rejected. All articles so supplied shall be subject to inspection and rejection by the Supervisors and by the person in charge of the office, institution or department for which the same are supplied.

Every contract for work to be performed within the State of California at the expense of the City and County or paid for out of moneys deposited in the Treasury, whether such work is to be done within or outside the limits of the City and County, and whether such work be done directly by or under such contract duly awarded, or indirectly by or under sub-contract, sub-partnership, day labor, station work, piece work or any other arrangement whatsoever, must provide: (1) That in the performance of the contract, eight hours shall be the maximum hours of labor on any calendar day, and that the minimum wages or compensation of persons performing labor in the execution of such contract, sub-contract, sub-partnership, day labor, station work, piece work or other arrangement shall be three dollars per day; (2) that any person performing labor in the execution of such contract shall be a citizen of the United States or have declared his intention of becoming such; (3) that preference in the performance of labor under such contract or other arrangement shall be given to persons who shall have actually resided in the City and County and shall have so resided for the period of one year next preceding the date of their engagement to perform labor thereunder. The foregoing provisions designated (1), (2) and (3) must also apply to persons performing labor in the commissary or other auxiliary department of labor conducted in the course of the execution of such contract or any part thereof; and the said provisions shall also apply in any work done for or by the City and County or by any officer, board or commission thereof, when such work is to be done at the expense of the City and County or paid for out of moneys deposited in the Treasury. Any contract for work to be performed under the provisions of this Section which does not comply with the provisions thereof, shall be null and void, and any officer who shall sign the same shall be deemed guilty of misfeasance and upon proof of such misfeasance shall be removed from office.

Mayor's Veto, Stable Permit, Frank M. Barrett.

The following communication was presented, read by the Clerk, ordered printed in the Journal and *laid over one week*:

San Francisco, October 2, 1916.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: I hereby return to you, without my approval, Resolution No. 13359 (New Series):

"Resolved, That permission revocable at will of the Board of Supervisors is hereby granted to Frank M. Barrett to maintain a stable for 35 horses at 467 Eleventh street. This permit is granted on the express condition that the building is to be reconstructed to meet the requirements of the Board of Health and of the Board of Public Works.

"The rights granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void."

Which was passed by your Honorable Board on September 18, 1916 (five Supervisors dissenting), and presented to me on September 19, 1916.

The reason for my returning this resolution without approval is based upon the fact that, in my opinion, the building is a "shack," constructed of corrugated iron, and was built, originally, as an emergency for temporary use. Its continuance is protested by numerous property owners and residents in the immediate vicinity, where it adjoins private dwellings. My judgment is that alterations are being made in such a manner as will simply continue a nuisance, and feel that the policy of your Honorable

Board should be to make an effort to abate these nuisances.

I am informed that the proposed alterations are for the purpose of caring for both horses and auto trucks in the same "shack," the one end being used for horses and the other for auto trucks.

It is long past the time when special permits should be granted by the Board of Supervisors for the continuances of nuisances in temporary buildings which are a fire menace and a nuisance to the entire adjoining neighborhood. Very respectfully,

JAMES ROLPH, JR.,
Mayor.

Regulation of Places Where Liquors Are Sold.

The following matter was presented, read, received as a communication, and referred to the Police Committee:

Bill No. —, Ordinance No. — (New Series), as follows:

Providing for the regulation of all places where spirituous, malt or fermented liquors are sold.

Be it ordained by the People of the City and County of San Francisco as follows:

Report of Board of Health on Sheep Corrals in the University Mound District.

The following communication was presented, read and ordered spread in the Journal:

September 30, 1916.

Health Committee, Board of Supervisors, San Francisco, Cal.

Gentlemen: I am returning herewith a petition addressed to your Board by the University Mound Promotion Association under the date of August 15, 1916, and by your office referred to the Department of Public Health under date of August 23 for investigation and report to your Committee.

In accordance with your instructions the health officer has made a sanitary survey of the locality and reported to the Board of Health at a meeting held on September 28, 1916, to the effect that said sanitary survey revealed the fact that the corrals in

question are maintained in a sanitary condition; that as far as we are able to determine no law prohibiting the driving of sheep or cattle through that particular section of the city is in effect, nor is there any law preventing the operation of corrals in this district. Further, that these corrals have been in this locality for over forty years, long before any residences were located in the vicinity.

I have been instructed to say to you that it is the opinion of the Board of Health that it has no jurisdiction whatever in the matter other than to enforce the necessary sanitary requirements. Respectfully,

BOARD OF HEALTH.

Per William C. Hassler, Health Officer.

Motion.

Supervisor Wolfe moved that the Clerk be directed to have an ordinance prepared prohibiting the driving or maintenance of sheep in districts complained of, and to report same to Board next Monday.

Motion carried.

San Francisco,
October 2, 1916.

To His Honor the Mayor and the Board of Supervisors.

Gentlemen: The Finance Committee has made examination of the bonds of city officials and in connection therewith attaches the following report of the expert of the committee, Mr. Walter B. Birdsall:

"San Francisco,
Sept. 29, 1916.

To the Honorable, the Finance Committee, Board of Supervisors.

Gentlemen: I beg to inform you that I have examined the bonds of the city officials and enclose herewith a complete list of same. I find that all bonds have been approved by the Mayor, with the exception of Edward F. Bryant, Tax Collector. Mr. Bryant is insured in the Guardian Casualty and Guaranty Company. This company is not included in the companies acceptable as federal securities, and according to the limit of single bonds allowed by the government, the limit of this company is \$44,312. The acceptance or approval of this bond is still under consideration in the Mayor's office. There is also a policy of the California Casualty Company for one-half of above bond; this company's limit on a single bond is \$24,427, which is reported as entirely inadequate by the Mayor's office.

Respectfully submitted,
WALTER B. BIRDSALL,
Accountant."

Fee for Water Meter Tests.

Supervisor Walsh presented:

Resolution No. — (New Series),
as follows:

Whereas, the State Railroad Commission of California has made a rule that water rate payers must deposit a fee of one dollar when complaint against metered service is made and a test of the meter is required, which fee is to be retained by the Spring Valley Water Company in case the meter is determined to be less than 2 per cent fast, and

Whereas, it is proposed in the near future to meter extensively the water service of this city and such a rule will work a hardship on a large number of consumers who undoubtedly will find complaint and dissatisfaction in this new arrangement, and

Whereas, heretofore meter tests were made free of cost to the rate-payer and the city employs two water rate inspectors for making such tests,

Resolved, That the Water Service Committee of the Board of Supervisors take such steps as may be required to bring about if possible the revocation of aforesaid rule of the California State Railroad Commission.

Referred to Water Service Committee.

ADJOURNMENT.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, OCTOBER 9, 1916.

In Board of Supervisors, San Francisco, Monday, October 9, 1916, at 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Quorum present.

His Honor Mayor Rolph presiding.

READING THE JOURNAL.

The Journal of the meeting of Monday, October 2, 1916, was laid over for approval until next meeting.

INAUGURAL MEETING IN THE NEW CHAMBERS.

Mayor Rolph greeted U. S. Senator James D. Phelan, Congressman John I. Nolan, former Supervisors Bancroft, McCarthy, Payot, Murdock, Mauzy, Sanderson and Booth and citizens to the first meeting in the new chambers. He said in part:

"We meet in these beautiful chambers for the first time under the most inspiring circumstances. This City Hall and Civic Center and these chambers, unexcelled in any part of the world, which are to house for many years to come the Board of Supervisors of this City and County, in 1912 was a mere dream—a fanciful vision in the minds of those who today are with us celebrating the realization of that dream. Mr. Bancroft, who was then supervisor and chairman of the building committee, and Supervisors McLeran and Payot, members of that committee, by their untiring efforts enabled the city without waste and without scandal to carry to completion this beautiful building and they saw that the people got dollar for dollar in workmanship and material during its construction."

He referred to the presence at this inaugural meeting of United States Senator James D. Phelan and spoke of him as San Francisco's foremost citizen, who framed the first charter of

this city, the one under which we are now conducting the affairs of San Francisco.

"From 1896 to 1902, Senator Phelan, then Mayor of San Francisco, presided over this legislative body with extraordinary ability in the old city hall, which was destroyed by the fire of 1906. Today we are gathered in these new legislative chambers which with its remarkable simplicity and wonderfully carved walls and ceilings reflect the dignity and splendor of this great city. There is an inspiration about it all that should impell us to higher efforts and nobler things. I greet you. I welcome you, distinguished guests, former city officials, supervisors and fellow citizens, to this beautiful building which is yours and which for many years to come shall be the seat of your city's government."

Senator James D. Phelan being called upon said in part:

"For five years I had the honor to preside over the Board of Supervisors, and I cannot recall any greater pleasure and satisfaction than the work in which we were then engaged. I see here today some of the men—Messrs. Payot, Murdock, Booth and Hocks, who served with me at that time. In those formative days of the new charter we had many questions as to the interpretation of that instrument. Public work was delayed until the courts had fixed upon the meaning and legality of the provisions. You who have succeeded to these positions have smoother sailing, because now it has been fully interpreted.

"Our sessions, although stormy at times, were conducted in a dignified and orderly manner. In a sense the Board of Supervisors may be compared to the Congress of the United States, except there the work is practically done in committee and the sessions are carried on in a perfunctory manner. There is a lack of order and decorum. Members read newspapers and smoke while the Congress is in session and is being addressed by a member. But in the Board of Supervisors the work is done largely in the Board itself, therefore more attention is shown, more decorum and order is required than in the tribunal of the United States. This

is as it should be for here you deal with the daily lives of the people, with matters intimately connected with their daily lives. Therefore my service here was of greater importance to me than as a member of Congress, for which it served as a splendid preparation.

"The Greeks had a saying: 'To be beautiful we should live among objects of beauty. Children should not be allowed to grow up among images of evil.' This beautiful dome which surmounts these chambers shall inspire our people for ages to come, and shall typify the unity of this community.

"I was a member of the old City Hall Commission and we put the last patches on the work. We, who knew the old building, with its dark corridors and poor ventilation, may well marvel at the tremendous progress that has been made in a few years in the science of architecture and building construction when we contemplate the beauty of this structure and the wonderful arrangements for light and ventilation which have been afforded in its construction.

"My service as a public official of this city will always be cherished as the most satisfactory experience of my life."

Supervisor Wolfe, being called upon, addressed the Board in part as follows:

"You have done me great honor, Mr. Mayor, and you have taken me wholly by surprise. I appreciate the honor and am greatly inspired by the beauty of these surroundings. I am delighted that Senator Phelan and the former Supervisors are present. I remember in 1896 when Senator Phelan ran for Mayor of this city, we had partisan politics at that time, and I recall that there were peculiar circumstances which as a Republican impressed me with the fact that it was my duty to help Mr. Phelan to that office, which subsequently, he graced and honored. We made no mistake then and we have made no mistake now that we have elevated him to the Senate of these United States.

"We owe a great debt to the former Supervisors who so faithfully carried out their trust. If we can do as well, we will deserve the praise and economies which are theirs today.

"I can say to you, Mayor Rolph, who made such a brilliant record in your first and in this, your second, term: we can indeed be inspired to do those things which will win for us our own self-respect and the respect of the people of the City and County of San Francisco. I have dedicated myself to that course and when my time comes to do something for San

Francisco while I am in this position, I hope to acquit myself as well as the men who are here today in honor of this occasion. Senator Phelan has truly said that our work is important work. It effects the very homes and firesides of our people. Let us, therefore, conduct our proceedings with dignity and decorum. Let us maintain peace and order in this great community."

Supervisor McLeran also addressed the Board. He said in part: "San Francisco can justly feel proud of this beautiful chamber and of all the Civic Center. San Francisco can justly feel proud of all the former members of this Board who had a hand in the bond issue and who are largely responsible for initiating the work. I see here today the building committee which had the work of laying out the Civic Center. I want to say for former Supervisor Bancroft, who was the chairman of that building committee, that to him is due the credit for the purchase of over three and one-half million dollars worth of property and due to his energy and expert knowledge of real estate values these vast purchases were made economically and promptly. Supervisor Payot was a member of the committee and took as much interest as if it was his own home."

Former Supervisor Wm. H. McCarthy said in part: "I was a member of the former Finance Committee and our confidence in the members of that committee was such that we accepted, without question, all their recommendations for the work of acquiring and developing the Civic Center. To the credit of this Board that policy of the previous committee has been followed and the work successfully consummated. I have visited all of the large cities of the East; I have visited all the large public buildings. There are only two buildings in the United States which compare with the City Hall in San Francisco. Those are the Capitol at Washington and the State House in Rhode Island."

Supervisor Hayden referred to Mayor Rolph's inaugural message of 1912, in which was outlined the program of public improvements, and the introduction at that time by Supervisor Bancroft of the declaratory ordinance providing for a bond issue for this City Hall and the Civic Center. I am proud and gratified as a member of the Rolph administration to have had the opportunity of participating in and supporting these constructive measures, and I will continue to do all in my power to reflect honor on the people of San Francisco.

Supervisor Hocks, referred to by His Honor the Mayor as the dean of the Board of Supervisors, also made a few remarks, recounting his experiences in the old City Hall and vicissitudes of the Board of which he was a member in removing from place to place since the fire, until through the Rolph administration they were housed in this beautiful building.

Supervisor Power, being called upon, said: "I take pride in being a member of the Board of Supervisors on this occasion. Too much praise cannot be given to the former Finance and Building Committee for the expedition and economy with which the work of the construction of this building was carried on.

"They heard the praises of the people on Thursday night when, at the public house-warming, this building was thrown open for inspection. There is still work to be done, however, and I have prepared a resolution which will be presented at the end of this session, providing for the appointment of a committee to consider plans for the completion of the Civic Center.

"Two other great projects are now facing the people of San Francisco and their solution is most important to the future of this city. They are the questions of *water* and of *transportation*. To these matters I propose to give careful study and consideration and to do all in my power to reflect credit on this great city."

Supervisor Nolan expressed himself as proud to have been a member of the administration and to have participated in the work of reconstruction for the city of his birth.

Supervisor Gallagher addressed the Board, briefly expressing his gratification in being a member of Boards of Supervisors that had accomplished so much in such a short time without scandal and without waste of the taxpayers money.

Supervisor Walsh reminded that Board that great credit was also due to the mechanics whose skill and co-operation made largely for the speedy and successful completion of the work.

Supervisor Hilmer also expressed himself as being proud of being part of the administration which had accomplished this great work.

Supervisors Nelson, Deasy, Mulvihill, Lahaney, Suhr Welch, Hynes and Brandon, and Congressman John I. Nolan, former Supervisors Paul Bancroft, Wm. H. McCarthy, Adolph Koshland, Byron Mauzy, Henry Payot, Chas. Murdock, Sanderson, James Booth, County Clerk Harry I. Mulcrevy, and a number of citizens, men and women, addressed the Board, briefly expressing their pleasure and

gratification with the new chambers and the work accomplished in the Civic Center.

Motion defeated by the following vote:

Ayes—Supervisors Mulvihill, Nelson, Nolan—3.

Noes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Power, Suhr, Walsh, Welch, Wolfe—15.

Supervisor Power moved that the representatives of the press and of the Mayor's office be invited to go on the Hetch Hetchy trip.

So ordered.

Circular Avenue.

Hearing of objections to assessment for widening of Circular avenue, etc., fixed for 3 p. m. presented:

Privilege of the Floor.

Eugene Conlin, representing protesting property owners, was granted the privilege of the floor and addressed the Board. He voiced the objections of his clients to the present scheme of assessments. Since Friday's meeting of the committee, he said, the protestants have come to the conclusion that Michel's property should be eliminated from the proposed purchase, thereby reducing the cost to about \$11,000. If that cannot be done, they are opposed to the improvement until such time as the Bernal cut is put through.

Hugh McKevitt, Jr., representing Mr. Michel, also addressed the Board. He declared that his client wanted action on the question today. He did not care which way it went so long as something definite is done. Mr. Michel's property has been idle and he has lost his income, since this question has been held in abeyance.

Jas. J. Reilly, property owner, and others, renewed his previous protest against the proposed assessment and requested a readjustment whether or not the Michel property is eliminated as suggested.

M. Schnorr, who owns one-third of the property to be taken for the widening of Circular avenue, expressed himself as dissatisfied with the award allowed for the purchase of his property.

J. B. Zimdars, representing the Homeland Co., also addressed the Board in opposition to the proposed scheme of assessment.

R. Mohr, representing Moneta Land and Investment Company, opposed the elimination of the Michel property. He declared that unless the Michel property is acquired and Circular avenue sufficiently widened that the people could never hope for a double track street railway service in the Sunnyside District.

Motion.

Supervisor Gallagher moved that the matter be re-referred to the Engineering Department for revision.

Motion *lost* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hynes, Nolan, Walsh, Welch, Wolfe—8.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Kortick, Lahaney, Mulvihill, Power, Suhr, Walsh, Welch—12.

Absent—Supervisors Hocks, Hynes, McLeran, Nelson, Nolan, Wolfe—6.

Corbett Avenue.

The hearing of the appeal of property owners from the action and decision of the Board of Public Works in overruling the objections and protests of the property owners against the proposed assessment district, and the method of assessment provided in Resolution of Intention 47565 (Second Series) of the Board of Public Works, for the improvement of Corbett avenue, from the westerly line of Ord street to a line one hundred and thirty-six feet westerly therefrom, fixed for 3 p. m. this day, was, on motion, *laid over one week.*

Evans Avenue.

Hearing of appeal of property owners from the action of the Board of Public Works in overruling the protests against the improvement of Evans avenue, between Lane and Ingalls streets, including the crossing of Evans avenue and Keith street, and Evans avenue and Jennings street, as set forth in Resolution of Intention No. 47698 (Second Series).

Privilege of the Floor.

Lloyd Ackerman, representing the Water Front Land Corporation, was granted the privilege of the floor and addressed the Board. He objected to the proceedings on the ground that the corporation he represented claimed ownership in thirty-five acres along the bay shore, including that portion of Evans street between Jennings and Lane streets. He declared that that portion of Evans street had never been dedicated for street purposes.

Mayor Howard of Petaluma also addressed the Board. He said that at a meeting yesterday of the owners of property on Evans avenue it was decided to ask the Board to postpone action on this matter. It is proposed to have the work done by a district assessment instead of a frontage assessment. He declared that the present frontage assessment is confiscatory as in many instances it is in excess of 50 per cent of the assessed valuation of the property.

Mr. Malarkey, property owner, also addressed the Board. He wanted the city to bear half of the expense of the proposed improvement. He declared that for fifty years the property owners had paid taxes and received nothing

in the way of improvements, and the cost of the improvement on each lot may double the assessed value of the property.

Adopted.

Whereupon the following resolution was presented and *adopted* by the following vote:

Denying Appeal Against Assessment for Improvement of Evans Avenue.

Resolution No. 13522 (New Series), as follows:

Resolved, That the appeal of property owners from the action and decision of the Board of Public Works in overruling the protests against the improvement of Evans avenue between Lane and Ingalls streets, including the crossings of Evans avenue and Lane street, Evans avenue and Keith street and Evans avenue and Jennings street, as set forth in Resolution of Intention No. 47698 (Second Series), be and the same is hereby denied.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Power, Walsh, Welch, Wolfe—14.

Absent—Supervisors Hocks, Kortick, Nolan, Suhr—4.

Mayor's Veto.

Barrett Stable.

Consideration of Mayor's veto on Resolution No. 13359 (New Series), granting Frank M. Barrett permission to maintain stable for 35 horses at 467 Eleventh street.

Privilege of the Floor.

M. Branagan, attorney, representing property owners, urged that the Mayor's veto be sustained. He declared that not only was the building a shack, but that it could not be put in a sanitary condition as the main sewer in the street was higher than the outlet from the building.

Veto Sustained.

Whereupon, the question being put, Shall the Resolution finally pass notwithstanding the objections of his Honor the Mayor? the roll was called with the following result:

Noes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch—15.

Absent—Supervisors Hocks, Nolan—2.

Excused from Voting—Supervisor Wolfe—1.

Ordinance Prohibiting Return of Merchandise.

San Francisco, Cal., Oct. 20, 1916.

To the Honorable Board of Supervisors of the City and County of San Francisco:

Gentlemen:

I herewith return to you without my approval Bill No. 4258, Ordinance No. 3932 (New Series), "Prohibiting persons, firms or corporations from accepting the return of merchandise which has been delivered and been in the possession of persons or institutions in the City and County of San Francisco, without first obtaining permission of the Board of Health," which was passed by your honorable Board on October 9, 1916, and presented to me on October 10, 1916.

In connection with this ordinance I held two public hearings in your chambers, at which were present proponents and opponents of the measure, including the president of the Board of Health, the Health Officer of the city and one or more members of your honorable Board, also the Assistant City Attorney.

It developed at the hearings that the ordinance in its present form was invalid; that its scope was more far-reaching than the proponents had intended, and the unanimous opinion and recommendation of all interested, as a result of these hearings, was that I return the measure to you, disapproved, with the suggestion that the same be again considered by your Committee; that the present proponents and opponents of the measure, the members of the Board of Health, the Assistant City Attorney, and the public be invited to a general discussion of the conditions which prompted the introduction of this ordinance, and that an effort be made to possibly draft another ordinance, legal in form, that will accomplish all that the proponents of the meas-

ure desire without serious hardship to any one.

Very respectfully yours,

JAMES ROLPH, JR.,
Mayor of the City and County
of San Francisco.

Garbage Disposal.

Wm. C. Humphreys, on motion of Supervisor McLeran, was granted the privilege of the floor. He declared that he represented property owners on Rhode Island street who were opposed to the maintenance of the garbage incinerator at that location on the ground that its tendency was to depreciate the value of their property. He urged that something be done at once looking to a final settlement of this question.

Motion.

Supervisor Gallagher moved that the entire question of garbage disposal be made a Special Order of Business for 3 p. m., Monday, October 30, 1916.

Motion carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Absent—Supervisors Hocks, Lahaney, McLeran—3.

Whereas, other cities with less facilities for such an enterprise than those possessed by this city have given such free entertainments with notable success; therefore, be it

Resolved, That we, the Supervisors of the City and County of San Francisco, declare ourselves in favor of a course of free concerts and entertainments to be held at such periods in said Auditorium as may be found feasible; and we hereby request the Auditorium Committee to take this matter under consideration and investigate the same as to the feasibility of giving such concerts and entertainments, their cost and manner of giving, and report back to this body.

The following resolution heretofore adopted was taken up on notice of reconsideration given by Supervisor Hayden at the last meeting:

Resolution No. 13518 (New Series), as follows:

Resolved, That the White Company is hereby awarded a contract for furnishing one combination police motor patrol and ambulance for the sum of \$3200 in strict conformity with its bid and specifications submitted October 16, 1916; that said contractor shall furnish a bond in the sum of \$1000 for the faithful performance of said contract, the sufficiency of the sureties on said bond subject to the approval of the Mayor; that all other bids submitted for said article are hereby rejected.

Motions.

Supervisor Hayden moved that the vote whereby the foregoing resolution was adopted be reconsidered.

Motion carried by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hynes, Kortick, Lahaney, Mul-

vihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—13.

Noes—Supervisors Brandon, Gallagher, McLeran—3.

Thereupon Supervisor Hayden moved to insert "Kissel Kar Co. at \$3015" in lieu of "White Co. at \$3200."

Privilege of the Floor.

Mr. Landsburger, representing the Kissel Kar Company, was granted the privilege of the floor. He opposed the resolution on the ground that his car complied with all the specifications and was the lowest bidder. He said that he was given to understand that the bid was awarded his competitor on account of labor difficulties which he claimed should not have been considered.

Mr. Nickelson and Mr. Houston, also representing the Kissel Kar Company, addressed the Board. They said that they had been given to understand, although from no authoritative source, that they could not expect any business from the Board of Supervisors unless their labor difficulties were settled.

Amendment Defeated.

Ayes—Supervisors Hayden, Hilmer.

Noes—Supervisors Brandon, Deasy, Gallagher, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

This *second* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work was held back on account of the scarcity of fill and the inclemency of the weather.

The following communication was presented, read and referred to the Public Utilities Committee:

October 27, 1916.

Mr. Edward I. Wolfe, Chairman, Public Utilities Committee, Board of Supervisors, San Francisco, Cal.

Dear Sir:

After a number of conferences, at some of which you were present, we desire to state that we have agreed to recommend an exchange of transfers at Union and Fillmore streets between the lines of the United Railroads and the Municipal Railway upon the following basis:

The United Railroads will, upon payment of cash fare on its No. 22, or Fillmore street line, northbound, and the Fillmore hill line, southbound, issue a transfer (which will be accepted by the Municipal Railway) to either the east or westbound cars of the Union street line at Fillmore and Union streets. The United Railroads will accept transfers from the Union street line on its north or southbound Fillmore hill line, good southbound on the No. 22, or Fillmore street line, with the understanding that transfers will be issued on the Union street line on east or westbound cars when west of Van Ness avenue, and only upon payment of cash fare. This transfer will entitle the holder to a continuous ride on the No. 22, or Fillmore street line, but no transfer to any connecting lines will be issued by the United Railroads.

The Municipal Railway will, as indicated above, issue a transfer on the east or westbound Union street cars when west of Van Ness avenue upon payment of cash fare, which will be accepted by the cars of the United Railroads north or southbound on Fillmore street at Union street. The Municipal Railway will also accept transfers from the United Railroads east or westbound on Union street at Fillmore, as above stated.

The exchange of transfers at Fillmore and Union streets under the plan above described will be on the

basis of an even exchange to each company and neither company will redeem its transfers from the other.

Yours truly,

WM. VON PHUL,
Vice-President and General Manager
United Railroads of San Francisco.
T. A. Cashin, Superintendent Municipal Railways.

SPECIAL ORDER, 3 P. M.

Garbage Disposal.

The following resolution, made a special order for 3 p. m. this day, was taken up:

Resolution ——— requesting the City Engineer through the Board of Public Works to recommend plans for the proper and sanitary disposal of the city's garbage and refuse, said plans to be developed along lines that will protect the city against any cost or expense and to provide maximum revenue from disposal of garbage.

To permit the city advertising for bids for the privilege of disposing of the garbage, it is further requested that the plans embrace three propositions:

1. Remodeling of the plant of the Sanitary Reduction Works so as to abate the nuisance created by the escape of noxious gases, and the distribution over adjacent property of half-consumed material.

2. To permit of the construction of an incinerator or incinerators by private capital on land or lands to be provided by the builders.

3. For the disposal of garbage by methods other than by incineration.

Clerk to Advertise for Proposals for Disposal of Garbage.

Supervisor McLeran presented the following substitute resolution:

Resolution No. 13524 (New Series), as follows:

Resolved, That the Clerk be directed to advertise that proposals will be received by the Board of Supervisors on November 20, 1916, for the disposal of garbage, and the notice inviting such proposals shall be as follows:

NOTICE INVITING PROPOSALS FOR THE DISPOSAL OF GARBAGE.

Notice is hereby given that sealed proposals will be received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Monday, November 20, 1916, for the disposal of garbage of the City and County of San Francisco.

Each bidder shall furnish detailed plans which he proposes to use in such garbage disposal and state fully the terms, conditions and guarantees attached thereto. He shall supply twenty-five printed or typewritten copies of his proposal.

A certified check or cash deposit in

the sum of \$10,000 payable to J. S. Dunnigan, Clerk of the Board of Supervisors, shall accompany each proposal, conditioned that the bidder will enter into a contract for the disposal of garbage according to the terms of his proposal, with such guarantees for its faithful performance as the Supervisors may require, within ten days after the same shall be awarded to him, otherwise such check or deposit shall be retained and become the property of the City and County.

Privilege of the Floor.

Wm. Humphreys, representing the Board of Public Works, was granted the privilege of the floor and addressed the Board. He said: The resolution appears to me to be objectionable. It seems to be calculated to give the garbage business to one person. There will be no progress by the adoption of this resolution. We had it before. This resolution does not mean that the question will be settled and the condition remedied.

Messrs. Johnson and Smith also addressed the Board on the foregoing question.

Adopted.

Thereupon, the question being taken on Supervisor McLeran's substitute, the same was *adopted* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Hearing of Appeals.

Allison Street.

Hearing of appeal of Edward F. and A. E. Franks from assessment for street work on Allison street, between Mission and Morse streets, fixed for 3 p. m. this day, was on motion of Supervisor Welch *recommitted to the Streets Committee*.

Corbett Avenue.

Hearing the appeal of property owners from the action and decision of the Board of Public Works in overruling the objections and protests of the property owners against the proposed assessment district, and the method of assessment provided in Resolution of Intention 47565 (Second Series) of the Board of Public Works, for the improvement of Corbett avenue, from the westerly line of Ord street to a line one hundred and thirty-six feet westerly therefrom, was on motion *laid over one week*.

Consideration of Mayor's Veto, Return of Merchandise.

Bill — prohibiting persons, firms and corporations from accepting the return of merchandise which has been delivered and has been in the possession of persons or institutions in the

City and County of San Francisco without first obtaining permission of the Board of Health.

Veto Sustained.

The foregoing matter, laid over from last meeting, was taken up. The question being put. Shall the bill finally pass notwithstanding the objections of his Honor the Mayor? the roll was called with the following vote:

Noes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Welch, Wolfe—17.

Aye—Power—1.

Thereupon the Bill was declared *lost* and the Mayor's veto *sustained*.

Dear Sir:

I returned last night after a four days' trip to Hetch Hetchy. The

storm broke last Saturday at 3 o'clock, which deposited six inches of snow at Groveland and greater depths on the higher levels.

It was with considerable difficulty that I traversed the road yesterday morning to reach the railroad station at Chinese. I have hopes that the storm will cease in a few days, when the roads will again become passable for auto vehicles, as at the present time they are only available for teams.

Thinking this might be a matter of interest in connection with the contemplated trip of the Board, which I requested to be made last week, I am, Very truly yours,

M. M. O'SHAUGHNESSY,
City Engineer.

City Hall.

Dear Sir:

I hereby request leave of absence, without pay, from my duties as Assistant Light and Water Inspector, from November 8 to December 16.

Respectfully,

E. ELLISON,

Assistant Light and Water Inspector.

Request granted.

Relative to Chamber of Commerce Conference on Naval Station on San Francisco Bay.

The following was presented and read:

November 3, 1916.

Honorable J. C. Kortick, Chairman,
Committee on Commercial Development of the Board of Supervisors,
335 First Street, San Francisco.

Dear Sir:

It is expected that the Commission on Navy Yards and Naval Stations will visit the San Francisco Bay region during the latter part of November for the purpose of investigating possible sites for a naval station on the Pacific Coast.

The San Francisco Chamber of Commerce invites and earnestly requests you to attend a joint meeting of representatives of the various organizations and communities around San Francisco Bay who are interested in presenting to the Commission the merits of sites in their respective localities for a naval station. This meeting will be held on *Monday, November 6th, at 3 p. m., in the Assembly Room of the San Francisco*

Chamber of Commerce, Room 237 Merchants Exchange Building.

The San Francisco Chamber of Commerce will not advocate any particular site, but will continue its policy adhered to in the past of urging San Francisco Bay as the logical place for a naval station. It is expected and desired that the merits of the various proposed sites on San Francisco Bay for such a station will be presented by their respective local communities and the San Francisco Chamber of Commerce will hold itself in readiness to support whatever site may ultimately be selected by the Commission, providing such site is on San Francisco Bay or waters tributary thereto.

This Chamber will hold itself in readiness to aid the Commission while here in conducting its investigations and also to aid the respective communities having sites to offer in the matter of being afforded full opportunity to present their claims.

The Chamber has called this conference for the purpose of jointly discussing the matter of the different communities presenting claims for any sites they have to offer and to urge upon the representatives that all the commercial bodies around the Bay concentrate upon urging San Francisco Bay as the logical site for a naval station and that in presenting the claims of their respective localities for such a site, they do so without prejudice and without condemning any other sites offered on San Francisco Bay; also, if possible, an agreement be reached that when the Commission has finally decided upon which site it would recommend, all of the Commercial bodies around the Bay would join in supporting the findings of the Commission.

It is felt that in this way the merits of all the different proposed sites can be presented without prejudice and that this will impress both the Commission and Congress with the unity of sentiment displayed around San Francisco Bay and that this may go far toward determining the Commission to recommend some place on San Francisco Bay as a site for a naval station rather than a site somewhere else on the Pacific Coast.

If you would like to bring with you to the above conference any of your associates on the Commercial Development Committee, they will be very welcome. Please advise us whether you will be present at the conference next Monday. Address San Francisco Chamber of Commerce, Merchants Exchange Building, San Francisco. Very truly yours,

SAN FRANCISCO CHAMBER OF COMMERCE,

ROBERT NEWTON LYNCH,
Vice-President and Manager.

Motion.

Supervisor Wolfe moved that Supervisor Kortick, Chairman of the Commercial Development Committee, and City Engineer O'Shaughnessy be instructed to attend.

Motion carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nolan, Power, Suhr, Walsh, Wolfe—15.

Report of Supplies Committee on Furniture Fund.

The following was presented, read and ordered filed:

To the Members of the Board of Supervisors, City. Gentlemen:

With the idea that you may desire to know in what manner the Supplies Committee has expended the Furniture Fund, and how it has been apportioned to departments, we are giving you herewith a statement of the fund from July 1st to date.

You will note that, generally speaking, each department has received as fair an allotment as we could give it. You will further note that we have attempted, and in fact have nearly met, all the requisitions of departments, and have had in very few instances had to refuse approval of their requests.

This information is supplied to you so that you may have first hand knowledge of the reason the Committee requested, and you have so kindly granted, an extra \$5,000 to the fund.

Respectfully submitted,

SUPPLIES COMMITTEE,

By ANDREW J. GALLAGHER, Chairman.

City Attorney's Recommendation That Action for Damages Against Chas. G. Cooper Be Dismissed on Payment of One Thousand Dollars.

The following matters were pre-

sented, read by the Clerk, and, on motion, referred to the *Finance Committee*:

November 11, 1916.

Board of Supervisors, San Francisco, Cal.

Gentlemen: In the action for damages entitled "City and County of San Francisco, a municipal corporation, plaintiff, vs. Charles G. Cooper, defendant", No. 68123, now pending in the Superior Court of the State of California, in and for the City and County of San Francisco, defendant has offered one thousand (\$1000) dollars in settlement thereof.

I hereby recommend that said action for damages be settled and dismissed upon the payment by said defendant to the City and County of San Francisco of said sum of one thousand dollars.

Yours truly,

PERCY V. LONG, City Attorney.
By THOS. E. HAVEN, Assistant.

Resolution No. — (New Series), as follows:

Whereas, in the action for damages entitled "City and County of San Francisco, a municipal corporation, plaintiff, vs. Charles G. Cooper, defendant", No. 68123, now pending in the Superior Court of the State of California, the defendant therein has offered the sum of one thousand (\$1000) dollars in settlement thereof; and,

Whereas, a communication from the City Attorney was filed November 11, 1916, recommending that said action be settled and dismissed upon the payment to the City and County of San Francisco by said defendant of said sum of one thousand dollars; now therefore,

Be it Resolved, That the City Attorney is hereby ordered to settle and dismiss said action upon the payment to said City and County of San Francisco by said defendant of said sum of one thousand dollars.

City Attorney's Opinion as to Validity of Refuse Ordinance.

The following matter was presented, read and ordered spread in the *Journal*:

November 13, 1916.

Subject: Legality of Proposed Ordinance Forbidding Hauling of Certain Substances in a Designated District.

Gentlemen: I am in receipt of your communication, dated November 8, 1916, as follows:

"The Board of Supervisors refers to you herewith draft of an ordinance prohibiting the receiving and delivering of coal, lime, cement, etc., in the district bounded by Market, Eleventh, Harrison and Thirteenth streets.

The Board asks your opinion as to the legality of this ordinance, and further requests that you submit this opinion by next Monday, at which time the Board desires to act upon the subject-matter."

Opinion.

It is well settled that the conduct of businesses which are of such a nature that they may under certain conditions become nuisances to the public may be forbidden in certain districts. I am of the opinion that the hauling of manure, stable refuse, ashes, etc., and of coal, lime, cement, and of other substances named in the ordinance which are apt to give off dust, falls under the class of businesses which may be so prohibited.

However, you should bear in mind that in forbidding the transportation of these substances to or from a certain district of the City and County your honorable Board must act reasonably and without unfair discrimination, and it is a question of fact to be so settled in the first instance by your honorable Board whether the conditions in the district described in the ordinance are so peculiar that the ordinance should be aimed at that particular district in the City and County and at no other. In determining this question you should remember that while every presumption is in favor of the determination of your honorable Board in this matter still the ordinance should be founded upon reason and necessity and should be equally applicable to every district in which the conditions are the same. If your honorable Board should find that the conditions in this particular district require the application of this ordinance solely to that district and that a similar condition does not elsewhere exist then the ordinance shall be reasonable and valid, but if, on the other hand, your honorable Board should find that there are other districts in this city where a similar condition exists the ordinance in its present form is unreasonably discriminatory and would be illegal unless made applicable to all such districts alike.

Respectfully,

PERCY V. LONG, City Attorney.
By THOS. E. HAVEN, Assistant.

San Francisco, November 13, 1916.
To the Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen: The Finance Committee has had under consideration since the 1916-1917 Budget was made the question of preliminary investigation and inauguration of a uniform system of accounting for the City and County.

On the recommendation of the Finance Committee, the Board made an appropriation for this purpose, and subsequently adopted Resolution No. 13423 (New Series), which was approved by his Honor the Mayor, October 13, 1916, authorizing the employment of Klink, Bean & Company; and further, placing the supervision of this work under the Finance Committee.

The Finance Committee is now prepared to proceed with this investigation preliminary to the installation of uniform system of accounting, and, in order that the work may be undertaken with official sanction and carried on without interruption, the commit-

tee recommends the adoption of a resolution formally engaging Klink, Bean & Company, and directing the Clerk of the Board to so advise said firm of its employment.

Respectfully submitted,
JAS. E. POWER,
EDW. L. NOLAN,
Finance Committee.

Adopted.

Thereupon, the following resolution was presented and *adopted* by the following vote:

Klink, Bean & Co., Accountants Notified to Proceed in Matter of Installation of Uniform Accounting System.

On motion of Supervisor Gallagher: Resolution No. 13595 (New Series), as follows:

Whereas, The Board of Supervisors heretofore adopted Resolution No. 13423 (New Series), which said resolution is in words and figures as follows:

"Resolved, That the firm of Klink, Bean & Co. be and are hereby engaged to proceed with the work necessary preliminary to the installation of a uniform accounting system for the various offices and departments of the municipality for the sum of \$10,000.00; and be it

And be it further Resolved, That the Clerk of this Board be directed to advise Messrs. Klink, Bean & Co. of the action of the Board of Supervisors in adopting said resolution, and of this action of the Finance Committee of said Board.

Be it further Resolved, That the Clerk be and he is hereby directed to send a copy of the report of this committee to the Board of Supervisors, which said report bears date August 21, 1916; and a copy of said Resolution No. 13423 (New Series); and a copy of this resolution of the Finance Committee to the Auditor of the City and County of San Francisco.

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Mul-

vihill, Nolan, Power, Walsh, Welch, Wolfe—12.

Report of Finance Committee on Construction of the Parkside School.

The following report was presented, read and *approved*:

San Francisco, November 13, 1916.
Board of Supervisors.

Gentlemen: The Finance Committee presents to the Board the problem of construction of the Parkside School building.

On October 7th the Board of Public Works awarded to F. Warden contract for the construction of the Parkside School building for \$4420, and requested an appropriation therefor. While the communication was in the hands of the Public Building Committee, and after it was recommended to the Finance Committee, the Mothers' Committee from the Parkside District protested against the proposed school building and objected to the plans which have been made by the Board of Public Works and approved by the Board of Education.

The Finance Committee withheld action on the recommendation of the Board of Public Works until investigation was had, and the Committee of Mothers appearing before the Finance Committee, said that the proposed school was not adequate and was in effect only a temporary building. They further stated that the mothers of the Parkside district preferred to wait until the next budget, if necessary, in order that they might urge the Board to appropriate for the first unit of a permanent school instead of carrying out the plan of the Board of Public Works and Board of Education to erect a temporary school.

Subsequently on November 6th the Board of Education adopted a resolution as follows:

Whereas, Plans and specifications for the Parkside School have been furnished by the Board of Public Works at the request of the Board of Education, in accordance with Section 2, Chapter 6 of the Charter, and estimates of cost therefor have also been provided by the Board of Public Works; therefore be it

Resolved, That the Board of Public Works be and it is hereby authorized and requested to cause the construction of said Parkside School to be done in accordance with the plans and specifications heretofore approved; and that the cost of said building be paid for out of the Common School Fund.

which resolution was transmitted to the Board of Public Works and to the Board of Supervisors.

The Finance Committee believes that a school should be designed for the Parkside District which would be a permanent building and the first unit constructed at the earliest possible moment, and the committee is also of the opinion that the construction of temporary schools in a rapidly growing district is not the best economic procedure.

In view of the condition of affairs relating to the Parkside School, the Finance Committee recommends that the appropriation be not made at this time and that the Board of Education be advised that in keeping with request of the Mothers' Committee it will be better to defer construction of the Parkside School until such time as a permanent building may be started.

Respectfully submitted,
JAMES E. POWER,
E. L. NOLAN,
ANDREW J. GALLAGHER,
Finance Committee.

The following bill made a Special Order of Business for this day was taken up at 3 p. m.:

Prohibiting Delivery of Refuse, Etc.

Bill No. —, Ordinance No. — (New Series), entitled, "Prohibiting the receiving or the delivering of refuse of any kind by railroads and other common carriers within a certain portion of the City and County, and prohibiting the receiving or the delivering, within said portions of the City and County, of coal, lime, cement, brick, rock, sand or other substance, wholly or partly pulverized, or from which dust or fine particles may escape, except in containers."

Privilege of the Floor.

L. Burke, attorney, representing property owners on Twelfth street, urged the passage of the foregoing bill. He declared that the methods employed by the Ocean Shore Railroad Company and the Sturdivant Coal Company in unloading and loading coal in open cars was an intolerable nuisance to the people living adjacent to the tracks of this company. He stated that when complaint was made to the company of this condition that he was told that it would not and could not do anything to remedy the evil.

A. C. Green, representing the Ocean Shore Railroad Company, denied the statement that any responsible person connected with the company declared that it would not and could not remedy the evil. He declared that the company at an expense of \$50,000 is seeking to rearrange its tracks on Twelfth street and has already spent upwards of \$12,000 in the purchase of rails and frogs for new tracks. If we can obtain,

he said, the co-operation of the Board of Supervisors in bringing about this improvement, we can materially better the conditions there. He requested that action on the bill be deferred until the complaints may be investigated.

L. M. King, representing the Merchants' Association, also addressed the Board. He said: "Under the conditions a nuisance is liable to exist and I would recommend that an investigation be had as suggested before the bill is passed."

Father Mulligan, representing St. Joseph's Church, in an address complained of the nuisance occasioned by the unloading of coal at the Ocean Shore Railroad Company. The company, he said, is conducting its business in defiance of the law, and has no franchise at all to operate on Twelfth street.

Mr. Walsh, manager, representing the Sturdivant Coal Company, denied that any responsible representative of that company had declared that the company could not and would not abate any nuisance that might exist. He requested that action be deferred and that an investigation be had.

J. Cal. Ewing, representing retail coal dealers, also addressed the Board requesting that action on the bill be deferred until an investigation determine the extent of the nuisance, if any.

Action Deferred.

Supervisor Power moved that consideration of the ordinance be postponed for four weeks to see if conditions cannot be improved.

Supervisor Welch moved as an amendment that bill be postponed two weeks.

Amendment accepted by Supervisor Power.

Whereupon the motion as amended was adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—16.

Privilege of the Floor.

M. Burke, representing protesting property owners, objected to the work on the ground that there was no great public necessity for it and for the reason that the assessment was a great burden on the small property owners.

Oscar Samuels, representing Heyman Bros., urged the passage of the bill ordering the work. He declared that the improvement of Mohawk avenue has already been delayed for two years and no further delay should be permitted. His clients, he said, have already completed their share of the

work and unless it is completed the property this winter will be inaccessible because the ungraded portion of the streets washed down on their pavement.

M. Healy, representing the Board of Public Works, declared that the work was necessary and should proceed.

J. Waldo Smith, City Engineer of
New York.

J. Waldo Smith, Chief Engineer of the Water Supply of the City of New York, was presented by His Honor Mayor Rolph. He declared that he had been requested to present the felicitations of Mayor Mitchel to Mayor Rolph and the Board of Supervisors of San Francisco. He expressed his praise of the beauty and practicability of the new City Hall and Civic Center

and frankly admitted that the City Hall of the great city of New York was a pigmy in comparison. It was fortunate, he said, that the great fire of 1906 afforded the opportunity for the creation of great work.

He said that he was in the hands of City Engineer O'Shaughnessy and is being shown all the great constructive work the city has in hand, the Twin Peaks tunnel, Hetch Hetchy water supply and the Municipal Railroad. He was greatly impressed, he said, with the magnificent boulevard system which has been inaugurated and the great Twin Peaks tunnel project.

Jos. S. Coudry of Boston.

Jos. S. Coudry, former Member of Congress and Collector of Port of Boston, was also presented by His Honor the Mayor. He said that the character of the discussion in the San Francisco Board of Supervisors reminded him very forcibly of his own cultured city of Boston. He congratulated the Board on their magnificent City Hall and Civic Center.

ADJOURNMENT.

There being no further business, the Board at the hour of 6 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

Report of the Supplies Committee.

The following report was presented, read and approved:

November 27, 1916.

To the Honorable Board of Supervisors.

Gentlemen: Your Supplies Committee begs to report the following transactions of its last meeting, viz.:

1. Requisitions for non-contract supplies from various departments. Approved as per copies on file, which are by this reference made a part hereof.

2. Auditor's requisitions for one set of codes. Action: Over.

3. Superintendent of Auditorium,

"to whom an order for more liquid soap shall be given". At present the West Disinfecting Company has 73 of its dispensers installed there, whereas the annual contract for liquid soap is held by the Bobrick Chemical Co. (Zellerbach).

Approved purchase of 5 gallons soap from West to supply temporary needs; the final settlement of the question to be made after consultation with Chairman Public Buildings Committee.

4. Requisition of Sheriff for furniture, \$1,930.29. Action: To be investigated.

5. Requisition of press room for 1 dictionary and chain; 1 dictionary and chain. Action: Approved.

6. District Attorney requests 1000 folders. Action: Not allowed—over one week.

7. Chief of Police requests one Gwin flexible stretcher, cost \$5. Approved.

8. Cuspidors, City Hall. To be ordered.

9. Demand of Neal Publishing Co. for printing 500 "Inmates History Cards". Action: Neal's bid of \$3.80 being palpably an error, he was directed to supply said article and your Committee would adjust the price later. Neal submitted his demand in blank, agreeing to accept the figure set by your Committee. After a full consideration of all the circumstances your Committee recommends that \$10 would be an equitable price; said figure being about \$1 below any other bid submitted for annual awards on said item.

10. Contractor Scott, of Scott, Magner & Miller, asked to be relieved from furnishing twenty-five tons barley to Hetch Hetchy project under his annual contract, claiming that his contract applied only to municipal needs within the territory of the City and County. Action: Your Committee directed that the opinion of the City Attorney be obtained; the barley, however, to be shipped forthwith, as this, being the winter's stock, it must be gotten into the valley before the roads become bad.

Respectfully submitted,

ANDREW J. GALLAGHER,
E. L. NOLAN,
JOHN O. WALSH,
C. J. DEASY,

Supplies Committee.

Chairman Gallagher of the Supplies Committee stated in regard to the foregoing that the City Attorney had verbally ruled contractor Scott could and should be compelled to supply same, and awaiting his written opinion the committee had ordered him to supply said order or stand the penalty provided by his contract and the Charter.

UNFINISHED BUSINESS.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**Extension of Parker Avenue.**

Supervisor Hilmer presented:

Resolution No. 13682 (New Series), as follows:

Resolved, That the City Engineer be and is requested to give this Board an estimate of cost for the opening of Parker avenue, from St. Rose's avenue to McAllister street.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Extension of Time.

Resolution No. 13681 (New Series), as follows:

Resolved, That Owen McHugh is hereby granted extension of 90 days from December 5, 1916, within which to complete contract for paving and sewerage Balboa street, between Thirtieth and Thirty-third avenues.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work on Balboa street, between Thirtieth and Thirty-third avenues, except the surfacing, has been completed, and the contractor is,

through other work being performed under private contract, making a road over which it is his intention to remove the surplus material from Balboa street, thus practically aiding in the work of completing the improvement of Balboa street, between Thirtieth and Thirty-third avenues, as the securing of a dumping place for surface material naturally tends to make the price of grading less to the property owners where the surplus material lies.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Christmas Celebration at Golden Gate Park.

Supervisor Kortick presented:

Resolution No. 13680 (New Series), as follows:

Whereas, Miss Hattie Mooser, in co-operation with other public spirited citizens, has on several occasions acted on a committee conducting the Christmas tree celebration held in Golden Gate Park, and

Whereas, the said Miss Mooser has requested permission at her own and her volunteer committee's expense to conduct a similar celebration in said Golden Gate Park on the afternoon of Christmas Day; therefore, be it

Resolved, That Miss Hattie Mooser be and is hereby appointed chairman of the committee having in charge the Christmas tree celebration in Golden Gate Park, said celebration not to conflict with the program of the duly appointed Christmas Eve Committee appointed by the Mayor and resolution of the Board, and

Further Resolved, That whatever program said above committee arranges for the Christmas Day celebration in Golden Gate Park shall have the consent of the Park Commission and Superintendent thereof.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Resolution No. 13679 (New Series), as follows:

Whereas, his Honor the Mayor has under consideration the amending of Bill No. 2964, Ordinance No. 2711 (New Series), authorizing his appointment of a City Planning Commission, and

Whereas, Mrs. Abbie E. Krebs, a useful and respected citizen of this city, is desirous of giving of her time and at her own expense during a contemplated Eastern visit, for the com-

pilation of data which she proposes to gather on the subject of city planning in other cities; therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that Mrs. Abbie E. Krebs be and she is hereby authorized to gather any data relating to city planning for presentation to his Honor the Mayor and the committee hereafter to be appointed by him, and to the Board of Supervisors in compliance with the ordinance authorizing such appointment of said City Planning Commission.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Garbage Disposal.

The following matters were presented and *read by the Clerk*:

San Francisco, December 11, 1916.
Board of Supervisors.

Gentlemen: Your Health Committee respectfully reports that after due consideration and investigation into the merits of the two proposals received for disposing of the City's garbage and waste, it is unable to agree upon a recommendation. The committee was unanimous, however, in a declaration against any increase in cost to the householder for refuse collection.

The views of the committee members, on the garbage disposal question, will be submitted in individual reports and recommendations.

Your committee recommends that the application of Dr. J. A. McGough for permission to maintain a sanitarium at 1902 Broderick street be denied, believing that such institutions should not be established in residential districts, over the protest of property owners and householders. Supervisor McLeran voted against the recommendation.

It is further recommended that the application of R. Rames for permission to maintain a stable for 18 horses at 70 Serpentine avenue be granted.

Respectfully submitted,

J. O. WALSH,
R. McLERAN,
FRED SUHR, JR.,
JOS. LAHANEY,
Health Committee.

Report of Supervisor Walsh.

Board of Supervisors.

San Francisco.

December 11, 1916.

Board of Supervisors.

Gentlemen:

A careful study of the garbage question has convinced me that the best interests of the City would be

served by rejecting both bids received for disposing of the waste by utilizing it for fill for low area and submerged districts and I so recommend.

I further recommend that the City take over the Sanitary Reduction Works by paying the \$50,000 still due on the purchase price and instruct the City Engineer to put the plant in sanitary and proper condition for the municipality to operate.

I believe that the return the City would receive from the operation of the plant would pay the interest on the outstanding "Garbage Disposal Bonds" which is now raised by taxation. This plan also would dispose of the contention of the garbage collectors that if they are compelled to haul the waste to the areas it is proposed to reclaim, it will be necessary to increase the charges they make for collecting garbage.

Respectfully submitted,

J. O. WALSH,
Chairman, Public Health Committee.

Report of Supervisor Hynes.

San Francisco,
December 11, 1916.

Board of Supervisors.
Gentlemen:

Complying with the instructions of the Board to make a report today on the two bids for garbage disposal, submitted by Richard Schmidt and Fred P. Smith et al., which bids propose to dispose of the garbage exclusively by dumping:

I submit to this Board, that if, in the opinion of the City Attorney, the advertising of the proposal for bids was legal and valid, and if, in the judgment of this Board, dumping is the best means at this time of disposing of the City's waste, both bidders should be awarded a contract for a period not to exceed two years, half of the daily collections to be allowed to each bidder for experimental purposes, under the supervision of the Board of Health.

This suggestion is made, however, with the direct understanding that the contracts specifically set forth there shall be no increase in cost to the householder or decrease in revenue to the collectors of the garbage.

Respectfully submitted,

JNO. HYNES,
Member, Health Committee.

Report of Supervisor McLeran.

San Francisco,
December 11, 1916.

Board of Supervisors.
Gentlemen:

In my opinion, the bid of Richard Schmidt for the privilege of dispos-

ing of the City's garbage, offers better returns to the City than the bid presented by Fred P. Smith et al., and I recommend that it be accepted; that a bond in the sum of \$50,000 be required for the faithful performance of a contract to be drawn by the City Attorney in accordance with specifications prepared by said Richard Schmidt and on file in the office of the Clerk of the Board, and that the site for dumping the garbage be subject to the approval of the Board of Health and the City Engineer.

Respectfully submitted,

RALPH McLERAN,
Member of Public Health Committee.
Legality of Proposed Garbage Contract.

December 11, 1916.

The following matters were presented and read by the Clerk:

Gentlemen:

I am in receipt of your communication of December 5th as follows:

"By direction of the Board of Supervisors I hand you herewith Resolution directing the Clerk to advertise for bids for the disposal of garbage, and the advertisement which was published for ten days; also copies of two bids submitted in response to this resolution and advertisement.

"The intention of this resolution was to solicit from bidders proposals for the disposal of garbage, and after it being determined which was the better plan, to have the City Attorney prepare contracts which would be awarded by proper resolution in the Board of Supervisors.

"The question has been raised as to the legality of this form of soliciting a bid.

"Will you please advise the Board by next Monday whether a contract can be legally entered into under the proposal herein referred to, said contract to be drawn by the City Attorney and submitted to the Board for ratification as to conditions and guarantees."

OPINION:

There is nothing in the Charter covering the making of a contract of this character. In the absence of any provision in the Charter, or in the General Laws covering such a contract, a contract entered into in this manner would be legal.

I have examined the General Laws on the subject and the only question that has suggested itself is whether or not this contract constitutes the granting of a franchise so as to bring it under an act of the Legislature, enacted on March 22, 1905, and entitled: "An Act

Providing for the Sale of Street Railroad and other Franchises", etc.

The question of whether such a contract as this constitutes the granting of a franchise was raised in the litigation between the Sanitary Reduction Works and the California Reduction Company. In that case the Supreme Court of the United States in Volume 199, U. S. Rep., p. 306, declined to pass upon the question whether, under a similar contract, the Sanitary Reduction Works held a franchise. In the absence of an express adjudication on the subject, it is my opinion that no franchise is involved in a contract of this character.

I therefore advise you that, under the police power, the City and County of San Francisco may enter into such a contract as is here proposed for the disposal of its garbage and that the manner in which the City has proceeded is perfectly legal and valid. I would caution you, however, to consider carefully the advisability of entering into a contract of this character for a long term of years. It is a matter of policy, for your Honorable Board to decide, whether you consider it advisable to bind the City for a considerable period to a certain method of garbage disposal which might later prove unsatisfactory.

Respectfully,

PERCY V. LONG,
City Attorney.

Report of Supplies Committee on Barley Contract.

The following report was presented and Item No. 1 approved:

San Francisco, December 11, 1916.
Board of Supervisors.

Gentlemen: Your Supplies Committee begs to report the following transactions of its last regular meeting, viz.:

1. Bids on 25 tons of rolled barley for Hetch Hetchy were received as follows:

Sperry Flour Co., \$46 f. o. b. Stockton.

Sperry Flour Co., \$47 f. o. b. San Francisco.

Scott, Magner & Miller, \$47 f. o. b. San Francisco.

Producers Hay Co., \$46 f. o. b. San Francisco.

Action: Awarded to Producers Hay Co., being the lowest bid f. o. b. San Francisco; provided that Scott, Magner & Miller, who hold the annual contract, persist in their refusal to deliver under said contract. Your committee has received the opinion of the City Attorney that Scott, Magner & Miller are required, under said contract, to furnish the barley as requisitioned, and, failing to do so, any loss sustained by the City would be a charge against them and the sureties on their bond.

2. Requisitions from various departments for non-contract supplies were approved, as per copies on file, which are by this reference made a part hereof.

3. District Attorney's requisition for exchange of a typewriter—\$51 was granted; payable from own funds. In the event that his funds are not adequate, then the requisition shall stand as recommended to the Finance Committee for an appropriation.

4. Levenson Co. requests to be released from its bid on two nurse's record books, San Francisco Hospital, for the sum of \$18.45. Levenson states that he had inadvertently figured on one book only, and that his bid on two books should have been \$29.65.

Action: Upon recommendation of the stationery clerk your committee released Levenson Co. and awarded the contract to the next lowest original bidder, Neal Publishing Co., at \$25.90, by the following vote:

Ayes—Deasy, Gallagher, Mulvihill.

Contra—Walsh, Nolan.

5. Requisition of Board of Public Works to exchange timekeeper's old and worn-out Ford car for a new 4-cylinder Saxon Roadster—net price \$410.

Action: Your committee decided in favor of securing a new Ford, and directed that offers for such exchange be invited from several dealers in said car.

6. Liquid soap dispensers in Auditorium.

Action: Report to be prepared stating kind and number required.

7. Request of contractor Gale Bros. to substitute a cheaper brand of canned goods than the "Del Monte", for which they were awarded contract.

Action: The said contractor was granted a hearing; his claim being that he had already delivered in excess of the estimated quantity required and was losing money on the goods. Your committee denied his request, after being advised by the City Attorney that under the terms of his bid and contract he was required to deliver such quantities as the City might order, without any maximum or minimum limits (see paragraphs 5 and 8 of "General Conditions in Schedule of Supplies, 1916-1917").

8. Repair bills for Supervisors' Marmion car.

Action: A hearing was granted to Frank Carroll's representative; he stated that Carroll was out of town but expected to return on the 19th instant, and the bills, in any event, would be held up till his return. He urged the claim that the city had been neglectful; that if repairs were needed he had mechanics of his own to do same. Your committee advised him that, pursuant to his guarantee, he must pay the bills or action would be taken to compel him to do so; that he might inspect the defective battery at the Guarantee Company's shop and take with him any automobile dealer he might select; that his mechanics were not satisfactory to your committee; that he be required to exchange side curtains, as they did not fit—this latter he agreed to do forthwith.

9. The committee requested the Board of Public Works to use Moran's paint, which is made locally, if same be found suitable for use on public bridges.

10. Mr. O'Brien, salesman for contractor Hooper & Jennings, requested that he be not required to furnish paper napkins in excess of the "estimated quantity" stated in the schedule of supplies; your committee advised him that the request could not be considered until his principals had put same in writing.

11. Requisitions from Board of Public Works for hay for Hetch Hetchy to be furnished by dealers in Groveland and Coulterville.

Action: Mr. Cleary, of City Engineer's department, stated the necessities of the case, and your committee granted same by the following vote:

Ayes—Gallagher, Deasy, Nolan.

Contra—Walsh.

12. Purchase of chair for clerk's office (Miss Cummerford) approved.

Respectfully submitted,
ANDREW J. GALLAGHER,
J. O. WALSH,
C. J. DEASY,
Supplies Committee.

Bill No. —, Ordinance No. — (New Series), entitled, "Prohibiting the receiving or the delivering of any kind by railroads and other common carriers, within a certain portion of the City and County, and prohibiting the receiving or delivering, within said portion of the City and County, of coal, lime, cement, brick, rock, sand or other substance wholly or partially pulverized or from which dust or fine particles may escape, except in containers."

Privilege of the Floor.

Mr. Green, attorney, representing the Ocean Shore Railway Company, was granted the privilege of the floor and addressed the Board. He said that if his company was obliged to comply with the ordinance as framed that it would compel the road to go out of business.

F. W. Bradley, president of the Ocean Shore Railroad Company, also addressed the Board. He declared that the Ocean Shore Railroad Company was willing to do anything in its power to abate any nuisance that might exist. He declared that he had notified the Santa Fe, the Southern Pacific and the Western Pacific that the road would not receive any more of the materials objected to at its Twelfth street terminal and that he had asked for the cancellation of the pending contracts. He had definitely ordered this feature of the business stopped and was perfectly willing to do whatever the Board wants on Twelfth street.

C. C. Moore, director of the Ocean Shore Railroad Company, also addressed the Board. He said that the Ocean Shore Railroad was a home industry that had suffered severely, and, perhaps, was tardily recovering from the fire of 1906, which had destroyed all its financial plans. He declared that its stockholders were all San Francisco people who have assessed themselves upwards of \$1,000,000 to put the road on its feet. They are at present burdened with an assessment of \$100,000.

There is now some hope of putting the road on a better basis and we are willing to do all within our means to remedy the conditions complained of, but your recommendations must be within our means. We are willing to do everything possible to remedy conditions, as Mr. Bradley has already told you. As to the forfeiture of the franchise, the Federal government, to my mind, would never permit it on account of its military necessities.

Rev. Father Mulligan, representing protesting property owners on Twelfth street, also addressed the Board, renewing his statement of the previous

meeting that the company, as operated, was a nuisance and had no legal franchise to the use of Twelfth street.

Resolution No. 13698 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted an extension of ninety days from December 22, 1916, within which to complete contract for grading Farallones street, between San Jose avenue and Plymouth avenue.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that considerable of this grading is in hard rock, and the work is well under way.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

This *sixth* extension of time is

granted upon the recommendation of the Board of Public Works for the reason that difficulty has been experienced in obtaining and installing the necessary electrical apparatus for operating the bridge owing to unusual trade conditions now prevailing. The contract is 95 per cent completed.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

Resolved, That F. R. Ritchie is hereby granted an extension of thirty days from and after December 10, 1916, to complete contract for the improvement of Winfield street, between Coso and Esmeralda avenues.

This *fifth* extension of time is recommended for the reason that the work is completed but not accepted by the Board of Public Works. An examination was ordered by petitioners on November 29, 1916. This examination has not been made. This extension will protect the assessment.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that there was considerable grading necessary to be done, but this is nearly completed and the work is now progressing satisfactorily. The contractor has already gone to considerable expense.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

Federal Building in Civic Center.

Supervisor Mulvihill presented:

Resolution No. 13709 (New Series), as follows:

Whereas, Many of the government offices now located in Federal buildings in San Francisco are overcrowded and others, because of the constantly growing volume of public business, will find it necessary in the near future to find more commodious quarters, and

Whereas, Some of the government offices are located in private buildings for which the United States Government pays a large annual rental, and

Whereas, Because of the phenomenal increase in the population of the United States and the magnitude and importance of the business transacted by the Federal Government, it would be a move in the interests of

administration efficiency and expedite the transaction of public business if there were established a divisional departmental center of the Federal Government in the metropolis of the Pacific Coast, and

Whereas, The Civic Center would be an appropriate place for the erection of such a building, and the necessary land for said building is available in said Civic Center; therefore be it

Resolved, That the Board of Supervisors of the City and County of San Francisco tender to the United States Government the necessary land, and that the United States Senators and Representatives from the State of California in the Congress of the United States be urged to secure an appropriation for the erection of a magnificent building in said Civic Center which will thus complete the plan for a group of monumental public buildings, such as cannot be equalled in any other city of the United States.

Report of Auditorium Committee on Municipal Popular Concerts.

San Francisco, December 18, 1916.
Board of Supervisors.

Gentlemen: The Auditorium Committee recommends an appropriation of \$500 out of the Auditorium Fund for an initial popular concert to be held in the Auditorium. This recommendation was first made to the Finance Committee and approved by that Committee at its last meeting.

That the Board may be advised fully in this proposal, the Auditorium Committee desires to state that the Advisory Committee of Citizens, of which Jesse W. Lilienthal is chairman, made an extensive report to your committee, recommending that a series of six concerts be given in the Exposition Auditorium on alternate Sunday afternoons. Tentative programs were suggested and estimates of cost prepared. Definite programs have not been arranged for the series, the purpose being at this time to hold the initial concert to see how these popular affairs will be received.

The Auditorium Committee recommends that at these concerts a 10-cent admission fee be charged. The Advisory Committee suggested a 10-cent fee for adults and 5 cents for children. The experience at the Exposition and in other cities leads your committee to recommend that a straight 10-cent admission be charged. This small fee will in some measure defray the expense of these concerts and possibly make them self-sustaining. That cannot be determined until after the first concert, and, perhaps, after several of them.

The recommendation is made for the appropriation at this time and the committee, if the Board approves, will proceed to arrange a program and recommend the selection of a leader for this first concert.

The character of the concerts is yet to be determined—whether they shall be choral, instrumental or mixed choral and instrumental with specialists and soloists participating. The committee is advising with the people in touch with musical affairs and will make recommendations as determinations are reached.

For the information of the Board there is on file in the Clerk's office, a report of the Advisory Committee, outlining programs and costs.

With soloists and leaders, one of the concerts, an orchestral program, with vocal soloists, is estimated to cost \$788.45. Another program, orchestra and instrumental soloists, is estimated at \$776.50. A more pretentious program, with orchestra chorals, organ and soloists, is estimated to cost \$1191.

The committee believes that at the beginning \$500 will provide an excellent program for a popular concert, and as these concerts develop in popularity other programs may be arranged.

Respectfully submitted,
E. J. BRANDON,
J. D. HYNES,
ANDREW J. GALLAGHER,
Auditorium Committee.

SPECIAL ORDER, 3 P. M.

Refuse Ordinance.

The following bill and motion laid over last week and made a Special Order of Business for 3 p. m. this day were taken up:

Bill No. —, Prohibiting the receiving or the delivering of any kind by railroads and other common carriers, within a certain portion of the City and County, and prohibiting the receiving or delivering, within said portion of the City and County, of coal, lime, cement, brick, rock, sand or other substance wholly or partially pulverized or from which dust or fine particles may escape, except in containers.

Supervisor Hayden moved that final action on the foregoing bill be deferred thirty days.

Whereupon, the following resolution was presented by Supervisor Power, and, on his motion, ordered referred to the Streets Committee:

Resolution No. — (New Series), as follows:

Whereas, There is pending before the Board of Supervisors an ordinance tending to abate a nuisance at the terminal of the Ocean Shore Railroad at Twelfth and Mission streets, and

Whereas, The residents of that section are particularly anxious to have the Ocean Shore Railroad comply with the intention of its original franchise—namely, to carry on a suburban passenger business and have the terminal at Twelfth and Mission streets; therefore, be it

Resolved, That the Board of Supervisors hereby requests the Ocean Shore Railroad Company to discontinue the use of its terminal at Twelfth and Mission streets as a freight depot, and be it

Further Resolved, That the Ocean Shore Railroad Company is requested to carry out the intention of its original franchise by doing a passenger business only from said terminal.

Privilege of the Floor.

Rev. Father Mulligan, was granted the privilege of the floor and renewed his complaint against the nuisance maintained on Twelfth street by the Ocean Shore Railroad Company. Even while this hearing is going on, he said, they are unloading cement sacks on Twelfth street and raising a cloud of dust. The resolution offered by Supervisor Power, he said, I am inclined to think will meet with the wishes of the people on Twelfth street.

Action Deferred.

Thereupon, action on the foregoing bill was deferred one week:

Sanitarium Permit.

The following resolution, laid over one week and made a Special Order of Business for 3 p. m., this day, was taken up:

Resolution No. — (New Series), Denying in the exercise of the sound and reasonable discretion of the Board of Supervisors permission to Dr. J. A. McGough to maintain a sanitarium at 1902 Broderick street.

Privilege of the Floor.

C. A. Morris, representing Dr. McGough, stated that no nuisance would be occasioned by the maintenance of the proposed sanitarium. He said that his client was leasing the premises and could not find another suitable location. Dr. McGough, he said, had already expended \$750 in furnishings on the assurance that the permit would be granted.

T. Prendergast, attorney representing property owners and tenants, also addressed the Board in opposition to the application of Dr. McGough. He declared that the notice was not properly posted. It was so far from the sidewalk that it did not come under the observation of the neighbors in the vicinity until the eleventh hour. This sanitarium, he said, will seriously impair the value of the property of his clients in the same block. He requested that the Board approve the recommendation of the Health Committee that the permit be denied. There is no necessity for such an institution in this city, where we have so many excellent hospitals where the drug habit may be treated.

Mrs. Dunleavy and other property owners appeared in opposition to the application of Dr. McGough.

Application Withdrawn.

Whereupon, on motion of Supervisor Walsh, Mr. Morris was permitted to withdraw his application.

Attached to this agreement is a map marked Exhibit B delineating the route of the proposed Hunter's Point road across the property herein provided to be conveyed and said map is hereby referred to and made a part of this agreement for all particulars thereby shown.

It is expressly understood and agreed that it is the intention and purpose of this contract to permit the second party to construct said Hunter's Point road as contemplated without expense to the party of the first part, to provide for the conveyance to the second party of the necessary land for such construction, to confirm the proceedings for street work heretofore taken on and along Evans avenue and to provide a workable plan for resubdividing the property of the party of the first part by closing existing streets and opening new contoured streets so as to make the same more saleable and marketable than said property now is.

SPECIAL ORDER.

Distribution of County Road Fund.

Whereupon, the following resolutions and motions, laid over from last meeting and made a Special Order of Business for 3 p. m. this day, were taken up:

Resolution No. — (New Series), as follows:

Resolved, That it be and is the policy of this Board to expend the moneys remaining in the County Road Fund, Fiscal Year 1916-1917, for the following improvements, the cost of which is estimated in the amounts mentioned, to-wit:

For construction of a road to Hunter's Point, \$25,000.

For improvement of Sloat Boulevard, \$20,000.

For construction of the Marina Boulevard, \$30,000.

For improvement of Bernal Cut or Army street, \$25,000.

For construction of Boulevard on Telegraph Hill, \$10,000.

Also, Resolution No. — (New Series), as follows:

Resolved, That this Board hereby commits itself to an appropriation in the future for the improvement of the so-called Market street extension and the Park Hill Boulevard, provided, however, that the lands required for these improvements shall be provided without expense to the City and County.

Motion.

Supervisor McLeran moved as an amendment that the words "For the construction of Bernal Cut or Army street, \$25,000", be stricken out.

Amendment.

Supervisor Gallagher moved as an amendment to the amendment that it be the declared policy of the Board to commence the Bernal Cut, provided the property owners meet the city half way.

Supervisor Hayden's Amendment.

Supervisor Hayden thereupon offered the following amendment to the second resolution:

Further Resolved, That this Board also commits itself to an appropriation in the future for the opening of Parker avenue, between St. Rose avenue and McAllister street, provided one-half the cost of said improvement be met by property owners interested in same.

Amendment accepted.

Bernal Cut.

The following communications were then presented and read by the Clerk:

Communication—From the Civic League, opposing construction of Bernal Cut out of "Good Roads Fund" or special tax, and suggesting the assessment district plan.

Communication—From the Mission Promotion Association, endorsing an appropriation of \$25,000 out of the Good Roads Fund for the Bernal Cut.

Communication—From South of Army Street Improvement Club, endorsing proposition of providing \$25,000 out of "Good Roads Fund" for Bernal Cut.

Privilege of the Floor.

Geo. Scholar, representing the Civic League, was granted the privilege of the floor and addressed the Board. He declared that the Civic League, at its last meeting, had gone on record as unanimously opposed to the construction of the Bernal Cut out of the Good Roads Fund. The two great similar projects, as far as importance is concerned, are the Twin Peaks Tunnel and the Stockton Street Tunnel. A Charter amendment was especially prepared and adopted by the people to permit the placing of assessments on properties particularly benefited by such public improvements.

The people in the assessment districts for both these projects were heavily taxed for their construction. In the case of the Stockton Street Tunnel, they were taxed to the amount of \$647,000, and in the case of the Twin Peaks Tunnel, to the amount of \$4,000,000. It is not fair nor equitable now that the property adjacent to the Bernal Cut should be exempt from its assessment for the proposed improvement. It is not fair nor equitable that this large and costly improvement should draw on the Good Roads Fund or be a subject for general taxation.

The Mission District should not be favored in this respect at the expense of other sections of the city.

Supervisor Power explained that it was his understanding that the \$25,000 was appropriated for Bernal Cut provided the people showed a disposition to share the cost of the work, like the property owners on Park Hill boulevard.

Eustace Cullinan, representing the Mission Promotion Association, also addressed the Board. The assessment district plan, in the case of the Twin Peaks Tunnel and the Stockton Street Tunnel, he said, is a serious mistake, and I think that public officials and the people generally have come to that conclusion. Why go on, then, repeating such mistakes. The Bernal Cut is of general benefit, and the cost should be borne by all. The Mission is not especially benefited, the entire city participates in this improvement. The Mission was good enough for the dumps and the Tubercular Hospital, but when something desirable is proposed representatives of other districts cry that the Mission is being especially favored.

Emilio Lastredo, representing the North Beach Promotion Association, also addressed the Board. North Beach, he said, had to stand its assessment for Stockton Street Tunnel. All we now ask is that the appropriation for the boulevard on Telegraph Hill be not taken out of the resolution.

Geo. Gerhardt, representing the Civic League, also addressed the Board, opposing the improvement of the Bernal Cut out of the Good Roads Fund.

James Brennan also addressed the Board and requested that \$50,000 be provided out of next year's fund for improvement of boulevards in the Haight-Ashbury District.

P. Towne, representing the Automobile Club of California, addressed the Board and said that his organization was satisfied with the recommendations of the City Engineer.

M. Taylor, representing property owners of the City Land Association, expressed himself as heartily opposed to the assessment district plan and in favor of the proposed appropriation of \$25,000 for Bernal Cut out of the Good Roads Fund.

Stanislaus Riley, representing the Jesuit Fathers, also addressed the Board, urging favorable consideration of the proposition of opening and widening Parker avenue from Turk street to St. Rose's avenue. The property owners, he said, are willing to bear their part of the expense.

The Mothers' Club of Sunnyside District, through a representative present, also opposed an assessment district for the construction of Bernal Cut and endorsed the appropriation of \$25,000 out of the Good Roads Fund.

Motions Defeated.

Thereupon, the question being taken on Supervisor Gallagher's motion, the same was defeated by the following vote:

Ayes—Supervisors Gallagher, McLeran, Nolan, Power—4.

Noes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Suhr, Walsh, Welch, Wolfe—13.

Absent—Supervisor Hilmer—1.

Whereupon, the question being taken on Supervisor McLeran's motion, the same was defeated by the following vote:

Ayes—Supervisors Gallagher, McLeran, Nolan—3.

Noes—Supervisors Brandon, Deasy, Hayden, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—14.

Absent—Supervisor Hilmer—1.

Motion Carried.

Supervisor Brandon moved that the first resolution be amended by striking out the words in the fourth item "or Army street".

Amendment carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill,

Nelson, Power, Suhr, Walsh, Welch, Wolfe—15.

Motion Carried.

Noes—Supervisors Brandon, Gallagher, Kortick, Walsh, Wolfe—5.

Privilege of the Floor.

City Engineer O'Shaughnessy was granted the privilege of the floor and addressed the Board. He said that the resolution as presented by the Finance Committee were based on his recommendations and received his endorsement. The Market Street Extension, he said, will cost \$110,000, one-half to come from the Good Roads Fund and one-half to be raised by the assessment district. Park Hill boulevard will cost \$200,000; property owners will supply the land and the city will supply the pavement.

Resolutions Adopted.

Thereupon, the question being taken on the resolutions as merged, the same was adopted by the following vote, to-wit:

Disposition of Good Roads Fund.

Resolution No. 13739 (New Series), as follows:

Resolved, That it be and is the policy of this Board to expend the moneys remaining in the County Road Fund, Fiscal Year 1916-1917, for the following improvements, the cost of which is estimated in the amounts mentioned, to-wit:

For construction of a road to Hunter's Point	\$25,000
For improvement of Sloat Boulevard	20,000
For construction of Marina Boulevard	30,000
For improvement of Bernal Cut	25,000
For construction of Boulevard on Telegraph Hill.....	10,000
And be it further	

Resolved, That this Board hereby commits itself to an appropriation in the future for the improvement of the so-called Market street extension at an estimated amount of about \$50,000, and the improvement of Park Hill Boulevard at an estimated amount of about \$52,000; provided,

however, that the lands required for these improvements shall be provided without expense to the City and County, and further

Resolved, That this Board also commits itself to an appropriation in the future for the opening of Parker avenue, between St. Rose avenue and McAllister street, provided one-half the cost of said improvement be met by property owners interested in same.

Ayes—Supervisors Deasy, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Noes—Supervisors Brandon, Gallagher—2.

Absent—Supervisor Hilmer—1.

Relative to Anticipated Deficit in Board of Health Appropriation.

Supervisor Power requested the privilege of the floor for members of the Board of Health who wished to address themselves to the question of the advisability of the Board of Supervisors declaring at this time its willingness to allow the Board of Health to proceed along present lines in the maintenance and operation of its department, although it may mean a deficit of \$40,000 at the end of the fiscal year.

This, Supervisor Power explained, is nothing unusual. Every year there is a deficit in the budget appropriation, which the previous Finance Committees countenanced and took care of at the end of the year out of surpluses from other funds. The estimated deficit this year, he explained further, was due to the usual unforeseen circumstances, but especially to the unprecedented increase in the price of foodstuffs, due to the war in Europe, as well as the great advance in drugs due to the same cause. Moreover, he said, in making up this year's budget, when we cut down the Board of Health's estimate of its probable requirements, we promised to make good any deficit that might be revealed at the end of the fiscal year.

Privilege of the Floor.

Arthur Barendt, President of the Board of Health, and Dr. Hassler, Health Officer, were granted the privilege of the floor and addressed the Board. They declared that the department at the present time is unable to meet all the demands made on it for the care and medical attention of the sick and poor, and that it will be necessary to refuse to consider further applications for assistance and even reduce the number now cared for unless they are assured

that the additional money will be forthcoming.

Motion.

Supervisor Power moved that the Board of Supervisors pledge itself to appropriate \$30,000 to cover any deficit that may occur in the appropriation for maintenance and operation of the Health Department for the current fiscal year.

Amendment.

Supervisor Gallagher offered the following resolution as an amendment to the foregoing motion:

Resolution No. — (New Series), as follows:

Whereas, The Board of Health has advised the Finance Committee that, at the present rate of expense, it is facing a probable deficit of \$40,000 at the end of the fiscal year, and

Whereas, Owing to the increased cost of food supplies and particularly the high cost of drugs and medical appliances, etc., by reason of the European war, some of which excess was anticipated, assurances were given the Board of Health that additional appropriations would be made to cover said deficiencies, and

Whereas, The representatives of the Board of Health have advised the Finance Committee that it is now unable to meet all the demands that are made upon it for the care and medical attention of the sick and poor, and that it will be necessary for it to refuse to take care of any more applicants for assistance in this department, and that it will be compelled to reduce the number now being cared for unless additional appropriations are made; therefore be it

Resolved, That the Board of Health be requested, in order to meet this prospective deficit of \$40,000, to practice the most rigid economy, and to make such retrenchments in the various departments as may be necessary without curtailing or interfering with the work now carried on for the care of the sick and poor; and be it further

Resolved, That the Board of Supervisors pledges itself to appropriate not to exceed \$20,000 to assist the Board of Health in meeting any deficiencies that may exist; it being expressly understood that any amount in excess of \$20,000 must be met by the Board of Health through the curtailment of the expenses of its own department.

Amendment defeated by the following vote:

Ayes—Supervisors Brandon, Gallagher, Hynes—3.

Noes—Supervisors Deasy, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—15.

Motion Carried.

Whereupon, the question being taken on Supervisor Power's motion, the same was *carried* by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Noes—Supervisors Gallagher, McLeran—2.

ADJOURNMENT.

Thereupon, at the hour of 9:30 p. m., the Board of Supervisors, adjourned to reconvene in Special Session on the question of garbage disposal.

J. S. DUNNIGAN,
Clerk.

MONDAY EVENING, DECEMBER 18,
1916, 9:30 P. M.

In Board of Supervisors, Monday evening, December 18th, 1916, 9:30 p. m.

The Board of Supervisors met in Special Session for the purpose of considering the question of garbage disposal.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Quorum present.

His Honor Mayor Rolph presiding.

Report of Health Committee on Garbage Disposal.

The following matters were thereupon taken up for consideration:

San Francisco, December 11, 1916.
Board of Supervisors.

Gentlemen: Your Health Committee respectfully reports that after due consideration and investigation into the merits of the two proposals received for disposing of the City's garbage and waste, it is unable to agree upon a recommendation. The committee was unanimous, however, in a declaration against any increase in cost to the householder for refuse collection.

The views of the committee members, on the garbage disposal question,

will be submitted in individual reports and recommendations.

Your committee recommends that the application of Dr. J. A. McGough for permission to maintain a sanitarium at 1902 Broderick street be denied, believing that such institutions should not be established in residential districts, over the protest of property owners and householders. Supervisor McLeran voted against the recommendation.

It is further recommended that the application of R. Rames for permission to maintain a stable for 18 horses at 70 Serpentine avenue be granted.

Respectfully submitted,
J. O. WALSH,
R. McLERAN,
FRED SUHR, JR.,
JOS. LAHANEY,
Health Committee.

Report of Supervisor Walsh.

San Francisco, December 11, 1916.
Board of Supervisors.

Gentlemen: A careful study of the garbage question has convinced me that the best interests of the City would be served by rejecting both bids received for disposing of the waste by utilizing it for fill for low area and submerged districts and I so recommend.

I further recommend that the City take over the Sanitary Reduction Works by paying the \$50,000 still due on the purchase price and instruct the City Engineer to put the plant in sanitary and proper condition for the municipality to operate.

I believe that the return the City would receive from the operation of the plant would pay the interest on the outstanding "Garbage Disposal Bonds" which is now raised by taxation. This plan also would dispose of the contention of the garbage collectors that if they are compelled to haul the waste to the areas it is proposed to reclaim, it will be necessary to increase the charges they make for collecting garbage.

Respectfully submitted,
J. O. WALSH,
Chairman, Public Health Committee.

Report of Supervisor Hynes.

San Francisco, December 11, 1916.
Board of Supervisors.

Gentlemen: Complying with the instructions of the Board to make a report today on the two bids for garbage disposal, submitted by Richard Schmidt and Fred P. Smith et al., which bids propose to dispose of the garbage exclusively by dumping:

I submit to this Board, that if, in the opinion of the City Attorney, the advertising of the proposal for bids was legal and valid, and if, in the judgment of this Board, dumping is the best means at this time of dis-

posing of the City's waste, both bidders should be awarded a contract for a period not to exceed two years, half of the daily collections to be allowed to each bidder for experimental purposes, under the supervision of the Board of Health.

This suggestion is made, however, with the direct understanding that the contracts specifically set forth there shall be no increase in cost to the householder or decrease in revenue to the collectors of the garbage.

Respectfully submitted,
JNO. HYNES,
Member Health Committee.

Report of Supervisor McLeran.

San Francisco, December 11, 1916.
Board of Supervisors.

Gentlemen: In my opinion, the bid of Richard Schmidt for the privilege of disposing of the City's garbage offers better returns to the City than the bid presented by Fred P. Smith et al., and I recommend that it be accepted; that a bond in the sum of \$50,000 be required for the faithful performance of a contract to be drawn by the City Attorney in accordance with specifications prepared by said Richard Schmidt and on file in the office of the Clerk of the Board, and that the site for dumping the garbage be subject to the approval of the Board of Health and the City Engineer.

Respectfully submitted,
RALPH McLERAN,
Member of Public Health Committee.

Legality of Proposed Garbage Contract. December 11, 1916.

The following matters were presented and read by the Clerk:

Gentlemen:

I am in receipt of your communication of December 5th as follows:

"By direction of the Board of Supervisors I hand you herewith Resolution directing the Clerk to advertise for bids for the disposal of garbage, and the advertisement which was published for ten days; also copies of two bids submitted in response to this resolution and advertisement.

"The intention of this resolution was to solicit from bidders proposals for the disposal of garbage, and after it being determined which was the better plan, to have the City Attorney prepare contracts which would be awarded by proper resolution in the Board of Supervisors.

"The question has been raised as to the legality of this form of soliciting a bid.

"Will you please advise the Board by next Monday whether a contract can be legally entered into under the proposal herein referred to, said contract to be drawn by the City Attorney

and submitted to the Board for ratification as to conditions and guarantees."

OPINION:

There is nothing in the Charter covering the making of a contract of this character. In the absence of any provision in the Charter, or in the General Laws covering such a contract, a contract entered into in this manner would be legal.

I have examined the General Laws on the subject and the only question that has suggested itself is whether or not this contract constitutes the granting of a franchise so as to bring it under an act of the Legislature, enacted on March 22, 1905, and entitled: "And Act Providing for the Sale of Street Railroad and other Franchises", etc.

The question of whether such a contract as this constitutes the granting of a franchise was raised in the litigation between the Sanitary Reduction Works and the California Reduction Company. In that case the Supreme Court of the United States in Volume 199, U. S. Rep., p. 306, declined to pass upon the question whether, under a similar contract, the Sanitary Reduction Works held a franchise. In the absence of an express adjudication on the subject, it is my opinion that no franchise is involved in a contract of this character.

I therefore advise you that, under the police power, the City and County of San Francisco may enter into such a contract as is here proposed for the disposal of its garbage and that the manner in which the City has proceeded is perfectly legal and valid. I would caution you, however, to consider carefully the advisability of entering into a contract of this character for a long term of years. It is a matter of policy, for your Honorable Board to decide, whether you consider it advisable to bind the City for a considerable period to a certain method of garbage disposal which might later prove unsatisfactory.

Respectfully,

PERCY V. LONG,
City Attorney.

Communications.

The following were presented and read by the Clerk:

Communication—From C. F. Wieland, Consulting Engineer, representing Cobwell Corporation, requesting consideration and investigation of their method of garbage disposal which it is claimed is in successful operation in the cities of Los Angeles and New York.

Communication—From the Civic League, endorsing an appropriation for improving present incinerating plant making its destruction of garbage inoffensive and, if it is necessary

to resort to dumping, suggesting that contract for shortest possible time be entered into and a requirement of a daily covering of asphalt be provided.

Protests.

The following named protested against dumping of garbage in the Islais Creek district, which protests were read and *ordered placed on file*, to-wit:

Wm. Taaffe & Co. Inc., East Mission Imp. Assn., Pacific Bone, Coal and Fertilizing Co., Legallet-Hellwig-Norton Co., Dunham, Carrigan & Hayden Co., Pope & Talbot, Western Meat Co., Roth-Blum Packing Co., American Can Co., Cal. Barrel Co., Tubbs Cordage Co., Krieg Tanning Co., J. G. Johnson, Allan & Pyle, Samuel Bloom & Son Co., Bay View Building & Loan Assn.

Thereupon, Supervisor Walsh presented the following resolution and moved its adoption:

Supervisor's Walsh's Resolution.

Resolution No. — (New Series), as follows:

Resolved, That the City and County of San Francisco immediately pay the balance due on the purchase price of the Sanitary Reduction Works, to-wit: the sum of fifty thousand (\$50,000) dollars, and that thereupon the city shall take possession of said plant, and

Resolved, That the City Engineer and the Board of Public Works are hereby directed to place the said Sanitary Reduction Works in sanitary condition and operate the same, and further

Resolved, That the Clerk of this Board is hereby directed to prepare the necessary resolutions and ordinances to carry out the purposes of this resolution.

Amendment.

Supervisor Power moved as an amendment that the Board of Supervisors declare itself as opposed to the policy of dumping garbage.

Substitute.

Supervisor McLeran moved as a substitute for the whole that his report be adopted:

Privilege of the Floor.

Geo. Riccomi, president of the Southern Promotion Association, was granted the privilege of the floor. He opposed the dumping of garbage in the southern districts of the city. Such action is going back twenty years, he said. He presented protests from various firms in the Potrero District which were read by the Clerk.

Mrs. Robert Wilder, representing the Congress of Mothers, addressed the Board. She said, in part: We are making a fight in this city against infantile paralysis, and we do not want anything done that will undo our work. We do not want

garbage dumped in our district or in anybody else's district in the city. Such a method will create breeding places for disease.

M. Edelman, representing property owners in the Islais Creek District. He said: I am in favor of dumping; the district cannot be made any worse than it is. We have appeared before the Board of Supervisors for years asking that money be appropriated for a bond sewer to carry off the nine sewers that flow into Islais Creek which are jeopardizing the health of the community. He believed that the sooner it is filled in the better.

J. P. Holland, with place of business in the Islais Creek District, said: Saturday night was the first time I knew this thing was coming up. I sent out two of my auto trucks getting the people together to protest against this proposed action. We are engaged in cleaning up this district. Do not dump garbage in Islais Creek.

Carl Anderson also addressed the Board. He said: I have lived in this district for thirty-five years and am in favor of dumping. That is the only way that that land can be filled in. One-third of the people now living in Oakland would be residing in San Francisco if it were not for the intolerable condition in this part of the city. Fill it in as soon as you can. Islais Creek, as it is, is a setback to San Francisco. Rats, even, can't live in the houses; they have to go on the roofs.

Geo. Roundy also addressed the Board. He said: I understand that citizens have been invited to help suppress this nuisance at Islais Creek. There are now several sewers flowing into this district and if there is any refuse that can be dumped in this locality that can make it any worse from a sanitary point I would like to know it. I am in favor of filling it in.

J. Trube, representing A. B. Patrick, was granted the privilege of the floor. He said: I employ fifty men in that district, and I want to see it cleaned up. I have lived and worked there for thirty-one years. Had to get there in a boat. Many wealthy men, Coryell and others, are spending their money to reclaim land there; do not set the district back by dumping garbage. I am proud of the resolution of Supervisor Walsh. Buy the Sanitary Reduction Works and incinerate your garbage.

F. Bergstrom, secretary of the East Mission Improvement Club, declared that he represented many property owners and there are none of them in that district that favor the dumping of garbage in the lowlands of Islais Creek. I believe, he said, that the Health Department will prove to you that it is

not sanitary to do so. The material cannot be successfully treated with chemicals, rain will wash it away. Dumping of the garbage and the nine sewers now emptying into Islais Creek will make a nice mess.

S. W. Newell said that himself and six other members of the Chamber of Commerce, who own 80 per cent of the submerged area, constituted themselves a committee to see if there was not some way in which this land could be reclaimed. They concluded to permit Mr. Smith to dump garbage there if he obtained a contract to so dispose of it from the Board of Supervisors. It is too costly to fill in otherwise. Normally it will take twenty-five years to reclaim this land. It would cost \$300,000 to fill it by dredging from the Bay. It would then have to be covered over with a top at a cost of \$200,000, or \$500,000 in all. If the dumping should constitute a nuisance it should not be permitted, but if the Health Officer says that it can safely be done, it seems to me that it will be the quickest way to reclaim that property.

T. Sharman, proper owner, opposed the dumping of live garbage in the Islais Creek District.

T. P. D. Gray said: Although I am not a resident of the district, I am opposed to the dumping of garbage. The land should be reclaimed by grading down the hills. The method of collection of garbage in San Francisco is very crude. It could be done more cheaply and efficiently if the city took it over, used auto trucks and eliminated duplication of service in all districts.

Wm. Humphreys, representing property owners living in vicinity of the City's garbage incinerator, at Rhode Island and De Haro streets, addressed the Board. He said: We favor Supervisor Walsh's resolution in part, but otherwise we are strongly opposed to it. If it is a nuisance to burn garbage, as at present, why inflict us with incineration in our district. Our crematory in San Francisco has been criticized as the shame of San Francisco. I speak only the words of engineers from all parts of the United States when I say that methods of garbage incineration have by no means been perfected. He read from the report of the New York Bureau of Municipal Research the unfavorable comment of that bureau as to the manner in which garbage is incinerated in San Francisco. Dumping of garbage, he said, has been condemned. The method known as the "Sanitary Fill" has heretofore been received as a satisfactory solution of the question.

P. F. Dundon, engineer, also addressed the Board. The proper incineration of garbage, he said, is a prac-

licable proposition. He called attention to a small but successful plant erected by his firm and now in operation in Palo Alto. He said the plans for the city's incinerators were purposely made so bids would be high. He declared that under the circumstances his firm could not bid. A plant two times the size of the present, he said, could be built for the money spent.

Arthur H. Barendt, president of the Board of Health. The Board of Health, he said, believes in cremation of garbage as the best possible method. The Board, he said, objects to dumping in Islais Creek, but might agree to dumping if permitted to select the place.

Dr. Hassler, Health Officer, was granted the privilege of the floor. We believe that there is serious objection, he said, to burial of garbage in Islais Creek until a proper sewer is built. As a fill garbage is not very satisfactory; it requires ten years' decomposition before it affords a solid base. It will no doubt attract rats, and we are requested by Surgeon-General Blue of the United States Army to take care of the plague situation in San Francisco. We believe, he said, that the present incinerator can be put in satisfactory condition and the nuisance now complained of removed.

C. Spader said he represented the same property owners that Mr. Wm. Humphreys represented and who were objecting to the present incinerators in the Potrero District. For thirty-five years, he said, I have made a study of Potrero land and we have found that it is impossible to get anybody to lease land or build structures of any size in the Potrero on account of the incinerators. The crematory now in operation has been condemned by the Board of Health and still continues to operate. We don't care how you dispose of the garbage provided it is not dumped or incinerated in our district.

Dr. Rosenstirn, representing the Civic League of Improvement Clubs, addressed the Board. He said: After conferring with the Board of Health and Dr. Hassler, I reported to the Civic League, and the Civic League, upon my report, adopted a motion endorsing Supervisor's Walsh's resolution to provide funds for putting the old incinerating plant in condition to permit carrying on the work in a sanitary manner under the direction of the City Engineer and the Board of Health.

Hiram Johnson, Jr., representing Richard Schmidt, requested that, on

account of the lateness of the hour, further hearing be deferred.

Rejection of Bids.

Thereupon, Supervisor Mulvihill presented the following resolution:

Resolution No. — (New Series), as follows:

Whereas, The two proposals for disposal of garbage now pending before the Board of Supervisors contemplate dumping of refuse in certain sections, and

Whereas, the dumping of garbage is an antiquated and obnoxious method of disposing of garbage, and the present incinerator operated by the Sanitary Reduction Works is a nuisance by reason of the smoke, offensive odors and fumes; and scavenger wagons gathering in the neighborhood of the Potrero District causes great annoyance, and is a menace to the health of the immediate neighborhood; and

Whereas, The cities of Los Angeles, San Diego and St. Louis are disposing of garbage very satisfactorily by segregation of wet and dry refuse, and incinerating the dry garbage and converting the wet garbage into use by reduction process, and

Whereas, The method of segregation garbage in San Francisco might be successfully and economically followed after careful and thorough investigation, and without additional expense to the householders,

Resolved, That the pending bids for the disposal of garbage be, and they are hereby rejected, and certified checks be returned to the makers thereof, and be it

Further Resolved, That his Honor the Mayor is hereby requested to appoint a special committee consisting of three Supervisors and the Health Officer, to investigate and report upon the feasibility and desirability of instituting the separate garbage collection and the disposal of the wet and dry garbage by such process as will avoid nuisance to the people and injury to property in any part of the city.

Motion.

Whereupon, Supervisor Power moved that consideration of pending resolutions and motions be laid over until Tuesday, December 26, 1916, at 3 p. m.

Motion carried.

ADJOURNMENT.

Whereupon, the Board, at the hour of 1:30 a. m., December 19, 1916, adjourned.

To the City and County of San Francisco,
and to the Board of Supervisors thereof,
and to the Southern Pacific Company, a corporation—

Gentlemen:

Your Board of Arbitrators, one arbitrator, Mr. Louis H. Mooser, appointed by Resolution No. 13227 (New Series), adopted by said Board of Supervisors on the 7th day of August, 1916, and which said resolution took effect without the approval of the Mayor of said City and County in accordance with the provisions of Section 16, Chapter I, Article II of the Charter of the City and County of San Francisco, the other Mr. Hugh M. Webster, appointed by the Southern Pacific Company, and the third, Mr. Frank L. Von Rhein, by said Louis H. Mooser and said Hugh M. Webster, arbitrators as aforesaid, begs leave to report as follows:

That, acting under and in accordance with the terms of Resolution No. 12956 (New Series) adopted by the Board of Supervisors on the 22nd day of May, 1916, which said resolution took effect without the approval of the Mayor of the said City and County in accordance with the provisions of Section 16, Chapter I, Article II of the Charter of the City and County of San Francisco, a copy of which resolution, together with a copy of Resolution No. 13227 (New Series) is hereto attached and made a part hereof.

Your Board of Arbitrators met on or about the 20th day of August, 1916, at which meeting it was decided by said Board that a visit be made to South Beach Blocks Nos. 53 and 54, designated as "Market Place", and Potrero Nuevo Block No. 381, designated as "Produce Exchange", for the purpose of arriving at a valuation of said property.

Many meetings were held without your Board agreeing upon a valuation of these properties. It was then suggested that a visit be made to the properties of the Southern Pacific Company at the end of Van Ness avenue and an effort be made to arrive at the valuation of the same.

After repeated visits to the last named lands a number of sessions were held by your Board in an endeavor to agree upon a valuation of the lands embraced in the proposed exchange. Your Board of Arbitrators finally agreed upon a valuation of \$818,768.75 for South Beach Blocks Nos. 53 and 54, and Potrero

Nuevo Block No. 381, and a valuation of \$818,976.31 for the following property, the exterior boundaries of which are as follows:

Being part of Western Addition Block No. 33, and part of Beach and Jefferson streets.

On June 14, 1916, the same company reported title vested in the Southern Pacific Company of the following property, also embraced within said exterior boundaries:

As to the balance of said property, the Southern Pacific Company has obtained options on the same and is in a position to acquire the fee simple title thereto and convey the same to the City and County of San Francisco.

Your Board of Arbitrators herewith attaches maps showing the properties which the Southern Pacific Company proposes to exchange for the lands of the City mentioned in Resolution No. 12956 (New Series); also, a map showing the location of the lands belonging to the City in South Beach Blocks Nos. 53 and 54, and Potrero Nuevo Block No. 381.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

SPECIAL ORDER, 3 P. M.

Refuse Ordinance.

The following bill and resolution laid over last week and made a Special Order of Business for 3 p. m. this day were taken up:

Bill No. —, Ordinance No. — (New Series), entitled, "Prohibiting the receiving or the delivering of any kind by railroads and other common carriers, within a certain portion of the City and County, and prohibiting the receiving or delivering, within said portion of the City and County, of coal, lime, cement, brick, rock, sand or other substance wholly or partially pulverized or from which dust or fine particles may escape, except in containers."

Resolution No. — (New Series), as follows:

Whereas, There is pending before the Board of Supervisors an ordinance tending to abate a nuisance at the terminal of the Ocean Shore Railroad at Twelfth and Mission streets, and

Whereas, The residents of that section are particularly anxious to have the Ocean Shore Railroad comply with the intention of its original franchise—namely, to carry on a suburban passenger business and have the terminal at Twelfth and Mission streets; therefore, be it

Resolved, That the Board of Supervisors hereby requests the Ocean Shore Railroad Company to discontinue the use of its terminal at Twelfth and Mission streets as a freight depot, and be it

Further Resolved, That the Ocean Shore Railroad Company is requested to carry out the intention of its original franchise by doing a passenger business only from said terminal.

Thereupon, the following resolution was presented by Supervisor Welch as

an amendment of the foregoing resolution:

Resolution No. 13762 (New Series), as follows:

Whereas, There is pending before the Board of Supervisors an ordinance tending to abate a nuisance at the terminal of the Ocean Shore Railroad at Twelfth and Mission streets, and

Whereas, The residents of that section are particularly anxious to have the Ocean Shore Railroad to carry on a suburban passenger business and have the terminal at Twelfth and Mission streets; therefore, be it

Resolved, That the Board of Supervisors hereby requests the Ocean Shore Railroad Company to discontinue the use of its terminal at Twelfth and Mission streets as a general freight depot and confine itself to a passenger and express freight service, said freight to be delivered in express cars only.

Privilege of the Floor.

Attorney Green, representing the Ocean Shore Railroad Company, was granted the privilege of the floor and addressed the Board. The proposed changes, he said, means an extensive re-arrangement of tracks and various other important considerations. He requested that action be deferred one week or ten days, in which time he would be able to make an investigation, whereby the Board of Supervisors may be shown just what the compliance with the resolution would mean. He submitted that it was proper procedure to obtain such information before taking action.

F. W. Bradley, president of the Ocean Shore Railroad, also addressed the Board. He referred particularly to the last sentence of the resolution requiring the use of express cars. He said that the company had no express cars and they cost from \$10,000 upwards each. We are now doing an express business in vegetables. It is an accommodation business. We have a contract with Wells Fargo whereby we have to do this express business. Our freight business is the only business from which we derive an income. We have built up a small switching business. These are what we are living off. It is from these sources that we hope to build up the road and place it on a paying basis. Our passenger business is run at a loss, and in deference to the complaints made, we have eliminated the coal business.

Father P. J. Mulligan also addressed the Board. He called attention to the dangerous manner in which freight cars were being switched along Twelfth street. He urged the adoption of the resolution.

Attorney Green, representing the Ocean Shore Railroad Company, withdrew his objection to the resolution, and declared that the Board would be

furnished with an estimate of effect of compliance with such a request.

Adopted.

Thereupon, the foregoing resolution was *adopted* by the following vote:

Resolution No. 13762 (New Series), as follows:
